

"Shooting" Query Tops Discussions Among Law Makers

Committee Will Probe Reports of Clashes Involving Navy

Washington, July 10.—(AP)—The top question in the capital today was whether the Atlantic fleet got shooting orders when the United States began its protective occupation of Iceland.

It revived the recurrent earlier question whether shooting already had occurred, and the senate naval committee met to decide whether sufficient grounds existed for an investigation of previously denied reports of clashes between U. S. naval patrols and nazi sea raiders.

The discussion on the latest defense move in the Atlantic also included Wendell L. Willkie's advocacy of American bases in Scotland and northern Ireland, and the disagreement on Capitol Hill over the propriety of Senator Wheeler (D-Mont.) in forecasting the occupation of Iceland in advance—an action criticized by Britain's Prime Minister Winston Churchill.

On the shooting question, the opinion of many legislators was that Secretary of Navy Knox had plainly implied that the Atlantic fleet had orders to open fire if necessary to deal with hostile activity along the United States communication lines at sea.

They held that was the obvious interpretation of the secretary's remarks at his press conference yesterday, even though he carefully avoided use of the word "shooting."

When the question was raised, Knox informed newsmen that President Roosevelt had instructed the navy what to do if it became necessary to shoot in order to protect the Atlantic approaches to U. S. bases from "hostile activity or threat thereof," as Roosevelt phrased it.

"All Necessary Steps"
"If the navy has to shoot to do what the president says, will it shoot?" a reporter asked. Knox referred him to the phrase "all necessary steps" in the president's message, and remarked that there was "no room for any doubt" as to its meaning.

Like Knox, Willkie avoided the word "shooting" in an interview yesterday after a luncheon talk with the president. He termed it essential to keep the sea lanes to Britain open and warmly endorsed the occupation of Iceland as a step in the right direction.

The subject of previous shooting reports was raised when Chairman Walsh (D-Mass.) announced he would ask the senate naval committee to decide whether they warranted a formal inquiry.

Committee Called
Walsh called a meeting (for 9:30 a. m. CST) for the express purpose of voting on a resolution introduced by Senator Wheeler for an investigation of published reports that vessels in the Atlantic patrol had had brushes with German naval units.

Elsewhere in the capital, the Iceland discussion found Senators Taft (R-Ohio) and Pepper (D-Fla.) at loggerheads over whether Senator Wheeler deserved reproof for his advance forecast of the protective occupation.

They aired their conflicting views after the White House made public Prime Minister Churchill's message expressing concern over an "announcement made on July 3"—the date of Wheeler's forecast—because it was of a kind that jeopardizes lives.

Say FDR Will Ask 15 Billion Dollars

Washington, July 10.—(AP)—Authoritative sources said today President Roosevelt would ask Congress for \$4,700,000,000 of new army appropriations at once as the first installment of a new \$15,000,000,000 defense and lend-lease program.

The new army appropriation will be mostly for laying in huge stocks of ordnance and ammunition, and also will provide for the purchase of considerable equipment of various types, it was said. The request was said to be for a straight cash appropriation in this instance.

The sources indicated that the rest of the \$15,000,000,000 requests now planned by the president would be delayed for a short while. These include about \$7,000,000,000 for lend-lease, a large amount for shipbuilding by the Maritime Commission, and a few hundred million for the navy.

Senator Glass Named Senate Leader Pro Tem

Washington, July 10.—(AP)—A conference of Senate Democrats unanimously selected 83-year old Senator Carter Glass (D-Va.) today to be president pro tempore of the chamber in which he has served for 21 years.

Glass, oldest member of the Senate, will succeed the late Senator Pat Harrison (D-Miss.) as president pro tem when the Senate ratifies today's conference selection.

1,306,333

Washington, July 10.—(AP)—The government payroll increased by one-third in the first twelve months of full defense effort, the Civil Service Commission disclosed today in reporting a total of 1,306,333 civil employees in the executive branch at the end of May.

On the same date last year—when the crushing of the lowlands and the impending fall of France brought new demands for greater defense production—there were 980,801 federal employees which compared with the then all time high of 987,538 in December, 1939, and exceeded the World War peak by 63,000.

Criticism of Lt. Gen. Ben Lear Is Continued Today

Washington, July 10.—(AP)—Rep. Norrell (D-Ark.), saying he had just been advised that Lieut. Ben Lear "is still on the golf links," suggested in the house today that congress demand an investigation of the officer's discipline of yoo-hooing troops.

"He is not the kind of general we need, standing on the brink of war," Norrell said. "He apparently is engaged all the time in playing golf."

"Congress ought to call for an investigation."

GENERAL'S REPLY

Memphis, Tenn., July 10.—(AP)—Stern visaged Lieut. Gen. Ben Lear has replied to congressional criticism of the pence march he ordered for yoo-hooing troops with a declaration that as long as he remains Second Army commander "soldierly standards of conduct will be demanded of all individuals in uniform."

Gen. Lear telegraphed Rep. Kil-day (D-Tex.), member of a special house subcommittee investigating personnel matters in the defense program, who yesterday wired Lear he contemplated a resolution to investigate Lear's "severe punishment" of some 350 soldiers for yelling at golfers as they passed through Memphis Sunday. The general said his action was "neither unjust nor severe."

Lear was also criticized in the house yesterday by Rep. Dirksen (R-Ill.), who commented on "grouchy, golfing old generals."

Davenport Man Dies of Mysterious Gun Shot

Chicago, July 10.—(AP)—Walter Golik, 30, of Davenport, Iowa, died today in St. Mary's hospital from a bullet wound inflicted by an unknown person as he sat on the back porch at the home of a friend he was visiting.

Three shots were fired from a passageway across an alley Saturday morning while Golik was talking with the host, Bruno Ziemba, 29, Ziemba's wife, Estelle, 26, and his own wife, Veronica, 26.

Golik, a machinist at the Rock Island government arsenal, was wounded in the right chest. The person who fired the shots has not yet been found.

Japs Feature Rumors Of British-Chinese- U. S.-Soviet Alliance

New York, July 10.—(AP)—A Domei, Japanese news agency, broadcast today said Tokyo newspapers were featuring Shanghai rumors of an impending United States-British-Chinese-Soviet Russian alliance, "to hamper Japan's freedom of action."

The broadcast said the newspapers were stressing "ever-increasing involvement of the United States, particularly on account of ever-increasing assistance the United States is granting Chungking."

Quite a Stunt

Salt Lake City, Utah, July 10.—(AP)—It was quite a stunt newly wed Mr. and Mrs. Norman Taylor thought up—appearing at a reception in their honor locked together with handcuffs.

But they lost the key.

Obliging police picked the manacle locks.

Drawing of 750 Numbers in Second Draft Lottery Next Wednesday Eve

Washington, July 10.—(AP)—The selective service ban against use of trainees outside the western hemisphere appeared likely today to remain unchanged for the present, despite the recommendation of the Army General Staff.

Well advised informants said that President Roosevelt was inclined to agree with the recommendation of General George C. Marshall, the Chief of Staff, that both trainees and National Guardsmen be made legally available for duty outside of the hemisphere, should the need arise.

The president nevertheless decided against seeking action for the present in view of the adverse congressional outlook.

Any action on these plans, how-

Upholstery Strike in Detroit Closes Up Chrysler Plants

Other Auto Makers Are Threatened; News of Labor Condensed

(By The Associated Press)

A shutdown of four Chrysler automobile plants at Detroit was attributed today to a strike at an automobile upholstery factory in the same city.

Approximately 18,500 Chrysler workers were made idle by the walkout of CIO workers at the plant of National Automotive Fibers, Inc. Behind the strike was the union's demand for increased wages upon expiration of the present labor contract August 1.

The present wage scale was not disclosed, nor was the current rate at the Wickes Boiler Company plant at Saginaw, Mich., where members of the Steel Workers Organizing Committee struck, making undisclosed wage demands. The Wickes factory manufactures boilers for army camps.

Federal Conciliator James F. Dewey declared that unless the strike at the upholstery plant is settled quickly, other automotive factories would be affected.

Mediation Board Meets

The National Defense Mediation Board called a meeting today to consider a strike at the Sealed Power Corporation, Muskegon, Mich., where AFL workmen walked out Tuesday in a dispute over a union shop and wages. Neither the present pay scale nor the requested increase was made public.

AFL electrical workers who walked off a construction job at the government powder plant being built at Charlestown, Ind., agreed to come back to work today while their union agent negotiated with the war department for higher pay. When 4000 electricians walked off Tuesday, their spokesman said adjacent defense plants were paying \$1.50 an hour for similar work while the men at Charlestown were drawing \$1.34 1/2.

A union agent stressed that the walkout was not a strike, but that the men had expressed determination to seek better paid jobs elsewhere.

PEKIN DISTILLERS STRIKE

Pekin, Ill., July 10.—(AP)—Approximately 500 employees of the American Distilling Company went on strike this morning following a breakdown in negotiations for a new union contract.

Spokesmen for local 19,528 of the Distillery, Rectifying & Wine Workers International Union (AFL) said the workers had demanded a wage increase of 10 cents an hour, and the company had countered with an offer of a two and one half per cent raise, which the union negotiators refused.

Joseph Neal, union president with offices in Chicago, said the company is now paying approximately 45 cents an hour for women workers and 65 cents for men.

The company drained its tanks and permitted only a few maintenance workers to enter the plant.

Local union leaders recalled that a strike at the American Distilling Co., five years ago led to a one day general strike in Pekin, tying up all food and milk deliveries.

Red Cross Hopeful for Missing Nurses

Washington, July 10.—(AP)—National headquarters of the American Red Cross, refusing to give up hope for seven nurses and one Red Cross worker feared lost at sea, waited anxiously today for further information from the navy or the state department.

Six of the 10 nurses who sailed June 5 for England aboard a British vessel are missing. Red Cross officials reported their ship, which was not identified, was torpedoed about two weeks ago.

Of the 17 Red Cross women originally reported safe, officials said yesterday only 15 now are known to have been rescued.

Dorothea L. Koehn, 36, Oshkosh, Wis., was among those missing.

Iron Rations

Atlanta, July 10.—(AP)—The piece de resistance of "iron rations" issued American soldiers on the march is a domino-size fudge block—a sugary hunk that packs 125 calories of energy.

The army itself concocted the recipe for the one ounce piece of candy serving. The dual purpose of packing in the food value and satisfying the fighting man's sweet tooth. Vitamin C in the form of brewer's yeast is added to the ingredients of corn sugar and cane sugar, chocolate, vegetable fat, powdered egg albumen and powdered milk.

This new item was on display in the exhibit room of three candy conventions in progress here.

House Votes Bill Deferring 28'ers

Washington, July 10.—(AP)—The House approved tentatively today legislation providing for the mandatory deferment from military training of men who were 28 years or older on July 1 and who have not been drafted.

Then the members started discussing an amendment by Rep. Elston (R-Ohio) to permit men 29 or older who have been inducted into service to be discharged upon their own request.

The Elston proposal was defeated, 113 to 103, on a teller vote, after Representative May (D-Ky.) said the war department opposed it.

The draft deferment provision was accepted without a formal vote and with little debate.

These provisions were part of a bill which also would give President Roosevelt broad powers to protect workmen willing to return to their jobs in a strike-bound defense plant.

The chief executive would have authority to order production resumed at such a plant and to "afford protection" to workers.

Rep. May (D-Ky.) in charge of the legislation, asserted that industry had nothing to fear because no plant would fail to use existing federal conciliation facilities.

"Industry would not be taken over except as a last resort," May said.

Chicago "L" To Ask Increase In Fares

Chicago, July 10.—(AP)—The Chicago Rapid Transit Company, operator of the city's elevated lines, was authorized in federal court today to petition the Illinois Commerce Commission for an increase in fares from 10 to 12 cents.

In a petition presented to Judge Michael L. Igoe, the company claimed it was impossible to meet increasing operating costs out of existing revenues.

After passing upon the question of fares, Judge Igoe approved an agreement between the elevated lines and its employees for a 5 cents an hour wage increase, vacations with pay and a pension plan.

River Wins Its Second Round With Packet Boat

Chester, Ill., July 10.—(AP)—The Mississippi river won its second round against the Golden Eagle.

The packet boat, last on the river, hit an underwater obstruction June 14 and sank. Efforts to refloat the craft were abandoned yesterday when the fast receding Mississippi left the boat hard aground.

Capt. Henry Leyhe of the Eagle Packet company said further salvage efforts would await higher water "which may not be until next spring."

Man Nabbed for Drunken Driving in Steam Roller

Bergenfield, N. J., July 10.—(AP)—Fred Bray, 53, of Hackensack, was arrested yesterday on a charge of drunken driving of a steam roller.

Bray was moving the roller for a street-surfacing company from Bergenfield to Hackensack. Police made the arrest when the cumbersome vehicle meandered uncertainly along New Bridge street.

Dr. Frank Lombardi pronounced Bray unfit to operate a vehicle.

Britain's Shortage of Weapons Theme of Commons Debate

Army Men in Uniforms Appear to Pleas for More Production

(By The Associated Press)

London, July 10.—The increasing flow of American-made bombers soon will enable Britain to exact manifold retaliation on Berlin for the German bombardment of London, Britain's new minister of aircraft production, Lt. Col. J. T. C. Moore-Brabazon, declared today.

It will not be many months, he said, before Berlin hears the sirens of such attacks.

Speaking for the government in today's installment of House of Commons debate on arms production, Moore-Brabazon said, "We are getting more and more moderate weight-carrying bombers and also big ones. I finally hope to get every single machine from the United States by air."

The ferry service, thus far, has applied only to bombers capable of the trans-Atlantic flight.

A member of Parliament released from the army to organize a parliamentary fight for greater arms production declared that "thousands upon thousands" of British imperial soldiers had been left to die or be captured in the Middle East because they "were denied weapons with which to defend themselves."

The member, James Henderson Stewart, a Liberal National from Scotland, referred to a statement yesterday by a lieutenant of the fleet air arm who escaped from Crete in a battered plane and appeared in uniform before Parliament to tell of the defense lack in Crete.

No Military Secret

"I am giving away no military secrets when I say that the account given in debate yesterday by Lieutenant Brabner of the shortage of guns and tanks is abundantly true," Stewart said.

Yesterday's speech was the first in Parliament for Lt. Rupert Arnold Brabner, a Conservative, elected a year ago.

Every morning during the eight months of army service from which he also just obtained leave, Stewart said, Middle East cables laid on his desk "cried for weapons of any and every kind."

"One had the vision of those men, comrades whom we knew, lying there battered, bleeding, parched and hungry. Thousands upon thousands of them were left there to die or fall into nazi captivity. Why? Because those men were denied weapons with which to defend themselves."

Continuing the Commons debate on arms production, Stewart referred to a recent remark by Labor Minister Ernest Bevin, Laborite, to workers:

"I don't care how much you earn so long as you give me the goods."

Stewart asked for rigid enforcement of the emergency powers act which provided for mobilization of industry 13 months ago and said that Britain must abandon the "timorous and futile business of appealing to men to do their duty in time of war."

Wives of service men are "living on one fifth of the money earned by munitions workers," he said. Bevin, he added, "has called some of us fifth columnists. He'd better be careful that he not soon be dubbed the most dangerous fifth columnist of all."

Some Selectees May Be Assigned to Navy

Springfield, Ill., July 10.—(AP)—Some Illinois draftees may be assigned to service in the navy if volunteer recruiting through local draft boards fails to result in sufficient enlistments, state selective service officials said today.

Local draft boards have been instructed to encourage volunteers to enlist in the navy, rather than the army, but as yet no draftees have been assigned to naval service, Capt. Joseph U. Dugan, information officer said.

Lieutenant Commander Walter J. Eden of the navy has been assigned to the staff of Paul G. Armstrong, state selective service director, to direct recruiting of volunteers.

Capt. Dugan said that if volunteer recruiting fails to obtain a sufficient number of men that some draftees in each month's allotment probably will be assigned to naval service.

FDR Says Newsmen Must Stay Out of Iceland

Washington, July 10.—(AP)—President Roosevelt has decided that American newsmen must remain out of Iceland until occupation of the island by United States is completed.

Stephen Early, presidential press secretary, said that Mr. Roosevelt felt that "for the time being that is a purely military program."

Any American correspondents now in Iceland will be allowed to remain there.

Four-Year Peak

Chicago, July 10.—(AP)—Top hogs pushed to a new four-year peak of \$11.50 a hundredweight today as meat packers, encouraged by rising dressed pork prices, entered the market actively at higher values for the fourth consecutive day this week.

Livestock men said the average price was near \$11, or almost \$2 a hundred above the \$9 average which the government sought to maintain when it launched a program early in April to stimulate hog production by buying pork and lard.

Top pork loins in the dressed market today were quoted at 23 to 24 cents a pound, the highest since last September when they reached a peak of 25 cents, although the average cost of live hogs at that time was only \$6.80.

French Armistice Proposals Reach Puzzling Status

BULLETIN

Ankara, Turkey, July 10.—(AP)—French sources here said tonight Vichy troops evacuated Beirut last night and withdrew to the north under orders from General Henri Dentz, the Syrian high commissioner. It was believed that Australian troops would occupy the city today.

(By The Associated Press)

Vichy, France, July 10.—The French high command in Syria declared tonight that Britain thus far has ignored its request for an armistice and "combats are therefore continuing with their accompaniment of violence and devastation."

The communique added that "the responsibility for it does not rest with France."

The Vichy proposal of armistice to end the month-old Syrian war between Vichy forces and British imperial troops and their DeGaulist comrades-in-arms ran into puzzling complications today as Vice Premier Admiral Jean Darlan returned from Paris conferences with German officials.

The war continued and a contradiction in Vichy statements cropped up.

Yesterday the authoritative Telemondial news agency announced that Vichy was studying allied conditions for an armistice, requested by General Henri Dentz, high commissioner and commander-in-chief in Syria and Lebanon.

Today a French statement said:

No Reply, French Say

"No reply has yet been made by the British authorities to General Dentz, who, on the contrary, found himself faced with redoubled British attacks on all fronts and who learned with sorrow that pamphlets offensive to his dignity and military honor were being distributed at Beirut by British agents."

Dentz asked for terms on Tuesday.

As a prelude (or possibly part of the armistice) the British demanded Wednesday that Beirut, capital of Lebanon, be declared an open city and yielded without

State Troopers at Scene of Mine Riot

Pottsville, Pa., July 10.—(AP)—A detachment of at least 150 state troopers established patrols through the lower anthracite region today and power shovel operators made tentative moves to resume coal stripping operations stopped yesterday by riotous miners.

At the same time, county authorities started an investigation of three widely separated disturbances in which 13 men were wounded by buckshot and 20 others bruised and battered.

Two of the wounded men, admitted last night to the Ashland state hospital, were reported as in only a fair condition. Both were shot in the back.

The troopers, under command of Major Thomas Martin, arrived during the night and set up headquarters at the Pine Grove armory. Martin said "enough men" were sent, "with the approval of the governor" to maintain order.

Two Transients Awakened from Rest on Railroad Tracks for Cell Abode

The brakeman of a NorthWestern freight train, which was switching in the yards here this morning about 9 o'clock, prevented two men from being ground beneath the wheels of the loaded cars which were about to be switched to the tracks at the freight house. The transients had selected a shaded spot between the rails and were sleeping soundly when the member of the train crew discovered them just as the long string of cars was to be switched to the house track.

The strangers were not disturbed but Patrolmen Fischer and Glessner were summoned and removed them from their dangerous resting place to cells in the city hall jail where they were booked on charges of intoxication.

Lawrence Yount of Polo was arrested by police at 1:45 o'clock this morning after awakening the neighborhood in the vicinity of Brinton avenue and Graham street. According to the police report, Yount had fallen asleep in his car and slumped over the steering wheel. The horn blew loudly, awakening residents in that vicinity who summoned police. Arraigned before Police Magistrate James E. Bales in police court this morning, Yount was assessed a fine of \$5 and costs on an intoxication charge.

Magistrate Bales assessed a fine of \$1 and costs against Joseph Wright for failing to heed a traffic stop sign.

Germans Silent on Situation as Reds Hold Fast

The War Today! Motorized Nazi Division Is Wiped Out

(By DEWITT MACKENZIE)

Hitler's forces in invasion in Russia—ever probing the attenuated Stalin line in an effort to find a weak spot in that great barrier—have suddenly renewed their assaults against the northern front toward Leningrad and claim progress, although the Bolsheviks assert that they are holding.

Should the nazis succeed in reaching the goal they would have achieved a victory of incalculable importance. They would have (1) virtually severed the Russian connection with the Baltic sea; (2) secured a vital port and railroad for themselves on the Baltic, and (3) effected a turning movement against the northern end of the Stalin line somewhat similar to that which caused the fall of the famous Maginot line in France.

However, so far as the latest reports go, there would appear to have been little change in that swaying, bloody line, where millions of men are locked in struggle and scores of thousands are dying. Meanwhile we have a less spectacular but still major development in Syria, where the French have asked the British for armistice terms which London expects to be accepted.

The allied requirements for cessation of the combined British and French drive into Syria presumably are such that if they are agreed to they will give Britain control of this strategic territory which nazism has tried to secure and would give much to possess. This would represent a triumph for the allied cause.

This French-mandated country is the pivot upon which turn vast political and military issues. The British force of the success may not register itself immediately but it is likely to have a great influence on the outcome of the war.

Syria has as many facets of worth to the British as a diamond.

It dominates the route which the Germans had hoped to take for an attack on Egypt and the Suez canal from the Near East. In fact, if the British get it they will have added a mighty bulwark to their entire defense of the eastern Mediterranean.

It is a buffer to preserve the British influence in the neighboring oil countries of Iraq and Iran to the east. One of the chief purposes of the German drive into Greece, and the subsequent attack on Crete, was to gain possession of this oil.

Syria also is an indirect but powerful link in the defense against any blow from the west on India. For that reason alone Britain must have control of this Syrian key-position in the Near East.

Momentous political issues also hinge on Syria. Take the unhappy position of Turkey, which has an

Christian Society Asks Return of Prohibition

Atlantic City, N. J., July 10.—(AP)—A campaign for the return of prohibition was proposed to the International Christian Endeavor Society in biennial convention today.

"The present national emergency makes even more imperative prompt and decisive action," Dr. Daniel A. Poling of Philadelphia, president of the society which claims 2,000,000 members in the United States and Canada, told 6,000 delegates last night. "Alcohol has less than nothing to contribute to the national defense."

Picture of Woe

New Cumberland, Pa., July 10.—(AP)—Mike Sisic was plenty worried when he showed up late at his draft board and found his fellow selectees already departed. Undaunted, he sped to Pittsburgh in his car but arrived too late to catch the selectee train.

So, still filled with worry, Mike dug down in his jeans and bought a ticket on the next train. He arrived at the army reception center here a picture of woe only to learn he was ahead of the others. And it cost him \$7.

Vittitow Boy Breaks Leg

Billy Vittitow, the four-year-old son of Mr. and Mrs. Frank Vittitow, suffered a broken leg Monday afternoon, while playing with other children in the neighborhood of South Third street. The children had just been warned about the danger of playing on a ladder, before the accident occurred. Three small boys took delight in climbing up a few rungs on the ladder, then jumping to the ground. Billy, the first to jump, was still on the ground when another little boy jumped and happened to jump upon him. The impact broke Billy's leg above the knee. He is resting comfortably at his home at 575 South Third street, with the assistance of a trained nurse in the evening. Mr. Vittitow, a salesman at the Hub Motor Company, for the past year, moved his family here from Aurora a few months ago.

Youth Week in Rochelle

The biggest week of all the year for young people of all ages, begins next Monday, July 14th. The announcements that all the boys and girls have been waiting for, are now out. A full week of fun and activity is promised for those red-blooded boys and girls who like action and fun. Not a single boy or girl in this entire wide area should miss entering at least one or two events. Rural boys and girls, and those living in surrounding small towns are urged to enter into the fun of this week. There

and artificial rain suspended from the central chandelier. Vases of flowers in keeping with the color scheme were placed in the various rooms.

The early part of the evening was spent playing five hundred. Miss Betty Lou Chaon received high score and Mrs. Andrew Webster consolation. Both prizes were presented to Miss July to be added to her gifts. Refreshments were served from individual tables, each centered with baskets of sweetpeas and bachelor buttons. A larger basket adorned the bride's table. Streamers of blue and pink crepe paper extended from the chandelier to each corner of the dining table. A large bride cake topped with a miniature bride and bridegroom centered the table. Miss July and each guest were presented with corsages of sweetpeas and bachelor buttons. The bride's mother, Mrs. A. B. July presided at the coffee table and poured. The bride-to-be cut the wedding cake.

To receive her gifts Miss July sat at a table decorated in her chosen colors, topped with a large pink umbrella, decorated with small blue electric lights and artificial rain. The variety of gifts she received were lovely.

On Wednesday afternoon of last week, July 2, Miss Erma Metcalfe of DeKalb, Miss Addie Hiebert and Miss Helen Becker of Rochelle were hostesses at the Wm. Metcalfe home in DeKalb. The home was beautifully decorated in the bride's chosen colors with flowers, wedding bells and candles.

Games were played in keeping with the occasion. Mrs. Evelyn Walters of Compton received both prizes, which she presented to the bride-to-be. Miss July also received at this shower many lovely gifts.

The hostess served delicious refreshments at the close of the afternoon.

Miss July and Thomas Gorman of Argo, Ill., will be married at Holy Cross Catholic church, Saturday morning, July 12th, at 9:00 o'clock.

"A Day at Spring Lake". Afternoon—All children under high school age admitted free.

Evening—7:30 A surprise program. This program will be highly interesting and entertaining to all parents of young swimmers as well as the swimmers themselves. No one knows just what Mrs. Fell and Mr. Linnemeier have in mind, but they were very much amused and elated over their ideas. So prepare for some good laughs, some interesting events, and go prepared to take part in the party if you feel so inclined. Remember, old and young alike this time.

Wednesday, July 16—

Bicycle races. (Preliminary races)

All entries made before noon on Wednesday, July 16, receive one free pass to the roller skating rink for any afternoon during Youth Week.

Starting places are determined in order of entry. The preliminary races will be held on the high school running track. Skill as well as speed will be a determining factor of winning here.

Afternoon, 2 P. M.

Boys bicycle race, up to 13 years, 1/2 mile race.

Boys bicycle race, 13-16 years, 1 mile race.

Races will be run in heats, with no more than three bicycles racing at the same time. The first and second winners of each heat are qualified to enter the finals on Friday afternoon.

Thursday, July 17—

10 to 12 A. M.—Roller skating. Fox roller skating rink. (Special rate of 5c this morning only)

6 P. M.—Soap box races. North Sixth street. (Meet at corner of Sixth street and 8th Avenue). Winner will be races going farthest distance north after leaving incline).

Soap box race, up to 13 years. First prize, \$1.00. Second prize, 50c. Third prize, 25c.

Soap box race, 13 years and over. First prize, \$1.00. Second prize, 50c. Third prize, 25c.

Friday, July 18—

Bicycle races, finals at 2 P. M. Boys—Up to 13 years, 1/2 mile. First prize, \$1.00. Second prize, 50c. Third prize, 25c.

Boys—13 to 16 years, 1 mile. First prize, \$1.00. Second prize, 50c. Third prize, 25c.

Girls—1/2 mile. First prize, \$1.00. Second prize, 50c. Third prize, 25c.

Saturday, July 19—

Airplane races will be held in the lot adjoining the skating rink.

Rubber-band flying models 4:00 P. M. First prize, \$1.00. Second prize, 50c. Third prize, 25c.

A demonstration flight of three or more gas motored model planes will be made after the rubber band models fly. If you have never seen these "little" gas models fly,

you have a treat in store. Some are large enough to "take up a cat." America is becoming air-minded. See for yourself how these models fly.

Prizes will be offered for the non-flying airplanes placed on exhibit, as well as for the hobbies entered. Hobbies and non-flying model airplanes will be exhibited in the windows of downtown stores.

Many individuals and organizations are giving assistance to this Chamber of Commerce event, in several ways—the City of Rochelle, the police force, the high school, Spring Lake personnel, the skating rink personnel, as well as the assistance of several individuals. Every effort is being made to insure the safety of participants. All activities will be under the supervision of men of training and experience.

Ice Cream Social

On Tuesday evening the local order of the Grange sponsored an ice cream social, the event being held at the Vernon Rhoads home. A very good number were on hand for the occasion. Mrs. Alvin Beemer, Will Shaddick and Charles Merriman gave readings for the program, and the Pillar brothers rendered several selections that were enjoyed by the crowd. The two boys are from Lamolite. Miss Dorothy Foster rendered a vocal selection, and Jackie McCann gave a harmonica number. The fine program closed with Bobby Kern and Arlene Binke playing a beautiful Hawaiian guitar duet. John Ulrey acted as master of ceremonies for the program.

After the evening program the large crowd enjoyed games and social activities. Bingo was the major attraction and fine prizes were given to the winners.

Fourth of July Club

The Fourth of July club organization held its annual meeting at the village park with a good number of ladies assisting Mrs. Louise Valentine, president of the group, in having a fine time. The ladies enjoyed a pleasant social time and program. Each year this organization welcomes all those that wish to enjoy the holiday in a social manner.

Triple S Meeting

On Tuesday afternoon members of the Triple S class of the Methodist church held a meeting and

picnic at the school park. A very delicious potluck dinner was served at 4 o'clock. The picnic meeting drew a large number with about 30 being present. Miss Edith Miller and Mrs. Ben Tyreman gave readings that were enjoyed by the ladies, and the group also enjoyed playing croquet. Mrs. C. J. Politsch, club president, presided at the meeting.

A Thought For Today
Then Peter opened his mouth, and said,
Of a truth, I perceive that God is no re-
specter of persons.—Acts 10:34.

Character is fate.—Heraclitus.

What the Seas Mean to the Earth
Of the whole surface of the earth, more than
70 per cent is water; less than 30 per cent is land.

The oceans of the world are its greatest high-
ways. On them, above them, under their surface,
move the bulk of the world's vital commerce.

We of the United States, who happen to in-
habit one of the greatest and choicest of the world's
land masses, often think we are more or less in-
dependent of the sea. To Britain, to Scandinavia, to
Chile, the sea is the breath of national life. So it
was to us in the early days when we were a narrow
ribbon of colonies along the Atlantic coast. During
the hundred years when we were absorbed in de-
veloping the west, we thought less of the sea. Then,
as the present century dawned, we began to realize
that all our vast continent was but an island sur-
rounded by the encompassing sea.

The great struggle of 1914-1918 was, in one
very important sense, a struggle for control of the
sea. With such control in British hands, we felt at
least that it was in hands unlikely to oppose our
own aims and interests. We saw to it that it re-
mained that way.

Now again control of the sea, present and fu-
ture, is being contested on a broad scale, with a new
element entering—control of the air above the sea.
No longer is there any sea control without control
of the air above it.

The United States now has every reason to
believe that it has the greatest navy in the world.
With the new bases in the Atlantic and Pacific,
when they are completed and equipped with air
strength, we should be in an effective defensive
position against any single nation.

Unfortunately the world has gone beyond that,
for a new technique has sprung up, of international
coalitions linked by common governmental ideals
as well as interests. A coalition of Germany, Italy,
France, Japan, and a host of smaller conquered na-
tions is more than a possibility.

Against such a coalition, no country, not even
the United States, can build sea power that will
guarantee security. That is why such a coalition
must not be allowed to develop.

And that is why the "after-the-war" problem
must include some sort of a solution providing that
the seas, common property of all the peoples of
the world, must be free.

Drawing Closer to Canada
What the relationship between the United
States and various European countries will be after

the war, no one can say definitely. But one thing
stands out crystal clear in this fog of the future,
and that is that the United States and Canada will
be thrown closer together than ever before.

No two countries in the world are bound by
such strong natural ties of common standards of
living, common culture and ideals, complementary
economies, ties of language and friendship. As Dr.
Calvin B. Hoover, economist, pointed out in a re-
cent speech, present world events suggest that
neither country should attempt independent self-de-
fense economies.

A long drawing together of 100 years' standing
is now accelerated by world events. Beside these
mounting imperatives, questions of nationalism,
governmental forms, look more and more each day
like details.

The Jolly Junglemen

Just a year ago, much of the Panama Coast
Artillery moved out of their regular barracks in
Panama to go out into the tropical jungle and build
new defenses. The story of what they did in that
year is a saga of the United States Army, told
proudly by their own P. C. A. News, sprightly paper
of that service. We want you to share their pride,
so let them tell their own story:

"The Junglemen spat on their hands, grabbed
their picks and shovels, and dug in! They cleared
their own emplacements and put in their own guns;
they built their own roads through bottomless jungle
mud; they looked malaria to a standstill! Then
they built their own comfortable barracks, and
moved in. . . . Today—a year later—there are a
hundred little cities scattered over more than 900
square miles of tropical jungle; there are many
hundreds of powerful seacoast and anti-aircraft
guns. . . ."

American soldiers who can do that kind of a
job are the kind of soldiers America has always
had; the kind of soldiers one can trust to do any
job the world hands over to them.

Yes, We Are In Earnest

Like bursting firecrackers come these crackling
bits of news: Compliance section of the Priorities
Division of OPM announces that priorities will now
become enforceable, with penalties for non-compli-
ance; 15 basic materials are placed completely under
industry-wide mandatory control, aluminum, mag-
nesium, nickel, chromium, nickel-steel, ferro-tung-
sten, tungsten high-speed steel, machine tools, syn-
thetic rubber, copper, cork, borax, polyvinyl chlo-
ride, zinc, and rubber; 60 per cent of steel now goes
into the defense program.

Fewer and fewer each day are the people who
still believe we can carry on as usual and build de-
fenses of the kind that will beat Hitler.

We shall have other business later; other plans
for the future. This is now, and armed strength
counts now.

The Kansas man who wants to send Hitler a
heavy of skulls should be investigated by the
Society for the Prevention of Cruelty to Animals.

It doesn't take long to catch up with a lame
excuse.

Working to forget is much better than forget-
ting to work.

Life is either a gamble or a gamble, depending
on the way you play it.

**NEWS
BEHIND
THE NEWS**
By PAUL MALLON

Washington, July 9.—The Reds have
devised a tricky new defense
for the Nazi blitz—night fighting.

The Germans thrust their long
insignia of tanks through the
Russian lines like fingers extend-
ing from your hand. Without
equality in the air the Reds, like
the French, have not been able to
stop this supposedly unbeatable
method of attack in daylight. But
at night the tanks are helpless.
That is the time when they stop
to receive gasoline and food
brought up from the rear.

So the Reds have been hiding in
the forests and wheat fields as
the tanks passed during the day,
falling upon them at night when
they are without their eyes (their
plane auxiliaries) and beyond aid
of the Stuka dive bombers which
clear the way for them in the day.

Even the Nazi communiques sug-
gest the Russians have been ex-
tremely successful with these and
similarly unidentified tricks. The
idea is not entirely new. The non-
mechanical theory of it was origi-
nated by the Chinese. They have
disguised troops as farmers and
laborers, leaving them behind in
cities to be occupied by the Japane-
se. When the Japanese were
asleep at night they arose from all
sides and started night melees.

The French tried night attacks
on the Nazi tanks but they did not
have the Slav-oriental finesse
of the Reds, and anyway they
were much too surprised by the
Nazi method of attack to get or-
ganized for it. Stalin has obvious-
ly organized these tactics exten-
sively.

That the Reds have slowed
down the blitz in this way for the
first time, they can be no ques-
tion. Tank crews without food,
gas and sleep cannot operate, but
whether the method has or can be
sufficiently exploited to defeat
the far-flung German plan of at-
tack may still be doubted.

The Germans are answering by
surrounding their tanks with lines
of infantry during darkness. They
may develop other answers.

The extremely few military au-
thorities here who think the Reds
have a long range chance base
their hopes on the old story adapt-
ed from the Chinese. Explaining
Chinese tactics, a general is sup-
posed to have said: "First day
Japanese lose 10 men, Chinese
100. Second day Japanese lose 50,
Chinese 1,000. Third day Japane-
se lose 1,000, Chinese 5,000, and
so on until there are no more
Japanese."

The Stalin line is mostly Rus-
sian propaganda. Like the meta-
sals line and so many others since
the Maginot line, it is non-exist-
ent. All it amounts to is an
adaptation of certain defenses to
areas along the rivers. It is not
a line of fortresses like the Magi-
not line, or a defense in 75 mile
depth as advertised.

For example, along the Dnieper
river where the fighting has been
thick, certain minor fortified po-
sitions have been established at
points where the current is slow
enough and the river narrow
enough for troops to cross. No
fortifications exist at other points.

The defenses consist largely of
concrete pill boxes with mounted
machine guns, a general is sup-
posed to have said: "First day
Japanese lose 10 men, Chinese
100. Second day Japanese lose 50,
Chinese 1,000. Third day Japane-
se lose 1,000, Chinese 5,000, and
so on until there are no more
Japanese."

At their backs are the air-
fields for dive bombers and fight-
ers, of which the Reds have few
left (the Germans exaggeratedly
claim 5,500 planes down although
some months ago they announced
the Russians only had 4,000
planes).

It seems logical to expect the
Germans will penetrate these
trenches, Kiev, Leningrad, and per-
haps Moscow. Yet if the Reds
could retreat as well as the Brit-
ish they would nevertheless be the
favorites to win in the long run.
The British are the best retreaters
in history (Mons during the
World war being their most bril-
liant maneuver and Dunkerque,
Greece, and Crete in this war be-
ing almost equal to it).

The Reds have no property
consciousness like the French and
can be expected to follow out
Stalin's scorched earth policy
thoroughly. Their Romanan ad-
versaries are not their equal in
combat, and some branches of the
German army (the Saxon divisions
for instance) are not quite up to
the Bavarian Nazis or Rus-
sians.

Church Societies

Missionary Circle—Twenty
members and friends of the Mis-
sionary circle of the Brothers
church enjoyed a picnic supper at
Lowell park Tuesday night. Mrs.
Jess Brantner is president of the
organization and is directing the
work in a splendid manner. The
secretary, Mrs. Temple Myers,
read the report of last meeting
and also the financial standing of
the circle. The organization has
contributed to missionary work,
welfare work and the local church
during the past year.

Merit systems adopted by In-
diana and Kansas this year bring-
ing to 20 the number of states whose
employees are under civil service.

Deaths

MRS. EMMA GOLDBACH
(Telegraph Special Service)
Rochelle, July 10.—Mrs. Emma
Goldbach, who would have been
70 years of age had she lived un-
til next Monday, passed away this
morning at the Harms convales-
cent home, where she had been a
patient for the past two weeks.
Funeral services will be held at
the Unger funeral home at 2:00
o'clock Friday afternoon, the
Rev. Darwin Blomgren officiat-
ing, and burial will be in Lawn-
ridge cemetery.

Mrs. Goldbach was born in
Trenton, Ill., July 14, 1871 and
had been a resident of Rochelle
since 1915. She became blind
about eight years ago and for the
past two years had been bedfast
at the home of her only child,
Mrs. Irving Hall, 115 Avenue C.
Her first husband, Thomas Tobin,
father of Mrs. Hall, passed away
a number of years ago, and her
second husband, Chris Goldbach
of Rochelle, also preceded her in
death. In addition to her daughter
she is survived by a sister,
Mrs. Lizzie Herlig of Alto, Ill.,
and one grandchild.

Ind.

GARTH OREN DRESDEN
(Telegraph Special Service)
Polio, July 10.—Funeral services
for Garth Oren Dresden who
passed away Monday, July 7,
were held this afternoon at the
Staples funeral home in Dixon at
2:30 o'clock.

He was born Jan. 8, 1925 at Rib
Lake, Wis., the son of Ralph and
Maude Dresden of Polo. He is
survived by his parents, two other
brothers, Eldred and Erce of
Polo; four sisters, Mrs. Ruth El-
senberg of Amboy, Mrs. Joe
Lambert of Polo, Lula and Lyle of
Polo.

The Rev. T. A. Loeppert of the
Polo Methodist church officiated
at the services today.

Lodges

American Legion Auxiliary met
in regular session last evening in
G. A. R. hall.

A cash donation was made to
the U. S. O. Mrs. Louise Withers
was finance chairman for the
month of June and she reported a
picnic basket to be given away at
the August meeting, which was
made by a hospitalized ex-servic-
man. The standing committee
chairmen then gave their report.
Sunshine chairman reported a
number of members ill. Rehabili-
tation chairman told of a rag sew-
ing bee held at Lowell Park, a
number of pounds of carpet rags
were sewed which are sent to the
North Chicago hospital, where the
ex-servicemen weave them into
rugs, thus occupying their long
hours. Dixon unit shows a gain
in membership this year. The total
membership of the state of Illinois
is 10,941 to date.

Through the sale of the vetera-
nate made poppies on Memorial Day, a
great sum of money was realized,
this fund is used for rehabilitation
and child welfare work in
our own locality. Mrs. Kathryn
Tusha is the auxiliary's chairman
of the poppy fund. All members
who have worked 32 hours or more,
either sewing carpet rags or work-
ing direct with the hospitalized
veterans, will receive special re-
cognition, and will be eligible to
attend the department's rehabili-
tation tea in Springfield during the
convention.

Plans were discussed for at-
tending the 21st annual department
convention of the American Legion
Auxiliary to be held in Springfield
August 22-25. The Auxiliary's
headquarters will be in the Abrah-
am Lincoln hotel. The conven-
tion sessions will be held in the
Auditorium of the Elks club. Regis-
tration for delegates and alter-
nates will be opened at the Elks
club on Friday, August 22nd. One
of the highlights and the event
most looked forward to will be
the Units' annual banquet and will
be presided over by Mrs. Norman
Sheehy, department vice president
from Rockford.

The delegates from Dixon's unit
will be the unit president, Mrs.
Erma Ommen, and president-elect,
Mrs. Edna Arnold; the alternates,
Mrs. Dorothy Christman, unit se-
cretary, and Mrs. Kathryn Tusha,
and the past president, Mrs. Clara
Traynor.

The auxiliary calendar calls for
no special work and the members
are planning no new projects for
July and August, so it was decided
to have a short vacation from aux-
iliary work during these months.

Conference of Plymouth Salesmen Is Held Here

A nation-wide educational pro-
gram has been started throughout
the United States by the Plymouth
Motor Corporation for the benefit
of all Plymouth dealers and sales-
men. All Plymouth dealers and
salesmen from Dixon and Ster-
ling are meeting at the Hotel Na-
chusa for a three day conference
which starts at 8:30 o'clock each
morning for a two-hour session.

"Leading Plymouth dealers as
might be expected," said J. R. Rey-
nolds, Plymouth district manager,
"welcome the opportunity of par-
ticipating in a program aimed at
widening the Plymouth retail
salesmen's sphere of usefulness to
the public, and enabling him to be
of greater service to the car buy-
ers of this area. Even greater
enthusiasm can be expected from
the salesmen themselves as they
discover at forthcoming confer-
ences new ways to broaden the
importance and value of the ser-
vice they perform for the public!"

Births

WIGGINTON—Born to Mr. and
Mrs. Lawrence Wigginton, 1209
Second street at the Katherine
Shaw Betha hospital July 9, a son.

SLAUGHTER—Born to Mr. and
Mrs. Robert Slaughter of South
Bend, Ind., at South Bend July 7,
a son, George Arthur. Mrs.
Slaughter was formerly Mrs.
Grace Blewett, youngest daugh-
ter of Dr. and Mrs. Floyd L. Blew-
ett of Dixon. The baby is their
first grandchild, which accounts
for the broad smile the popular
pastor of the First Methodist
church is wearing.

The next business meeting will be
held Wednesday evening, August
27th at 7:30 o'clock in the evening.
At this time convention reports
are to be given, a financial state-
ment of the unit, reports from all
officers and standing committee
chairmen is expected. The unit will
hold its installation of officers in
September.

All members and friends of the
auxiliary are asked to cooperate in
the national defense aluminum
drive, leaving what things they
have at the city hall.

Watchman Found Slain Near Waukegan

Waukegan, Ill., July 10—(AP)—Jack Tuskon, 45, a lumber company watchman who disappeared June 27, was found dead in a wood near here last night, his skull crushed and his pockets rifled.

Bart Tyrrell, chief of police, said the condition of the body indicated Tuskon was slain the day he disappeared. He expressed the opinion that Tuskon was the victim of robbers. Tuskon was said to have been in moderate financial circumstances. He was unmarried.

Relatives Say Suicide Note of Woman Forged

Narmi, Ill., July 10—(AP)—A coroner's jury will meet again tonight to continue an investigation in the death of Mrs. Ernie Cole, 47, after relatives of the dead woman last night testified that an alleged suicide note was not in Mrs. Cole's handwriting.

The woman died yesterday morning at her farm home near Norris City from poison. Her husband told the jury he found her ill and that he called a physician who was unable to save her. Relatives of Mrs. Cole requested that an autopsy be performed. Cole testified his wife returned to their home last Tuesday after they had been separated for several months.

The War Today

(Continued from Page 1)
alliance with Britain but is sitting
right under the muzzle of nazis
dom's big guns. So long as there
has been danger that the nazis
might succeed in occupying Syria,
thus almost surrounding the
Turks, the latter have felt com-
pelled to pursue a rigidly neutral
course. Now, if the bolsheviks are
able to hold the Germans with any
considerable degree of success, it
wouldn't be surprising to see Tur-
key come into the war on the side
of the allies.
Then again, the moral effect of
the allied victory in Syria will
have a marked effect on France
and her other colonies.

Germans Silent

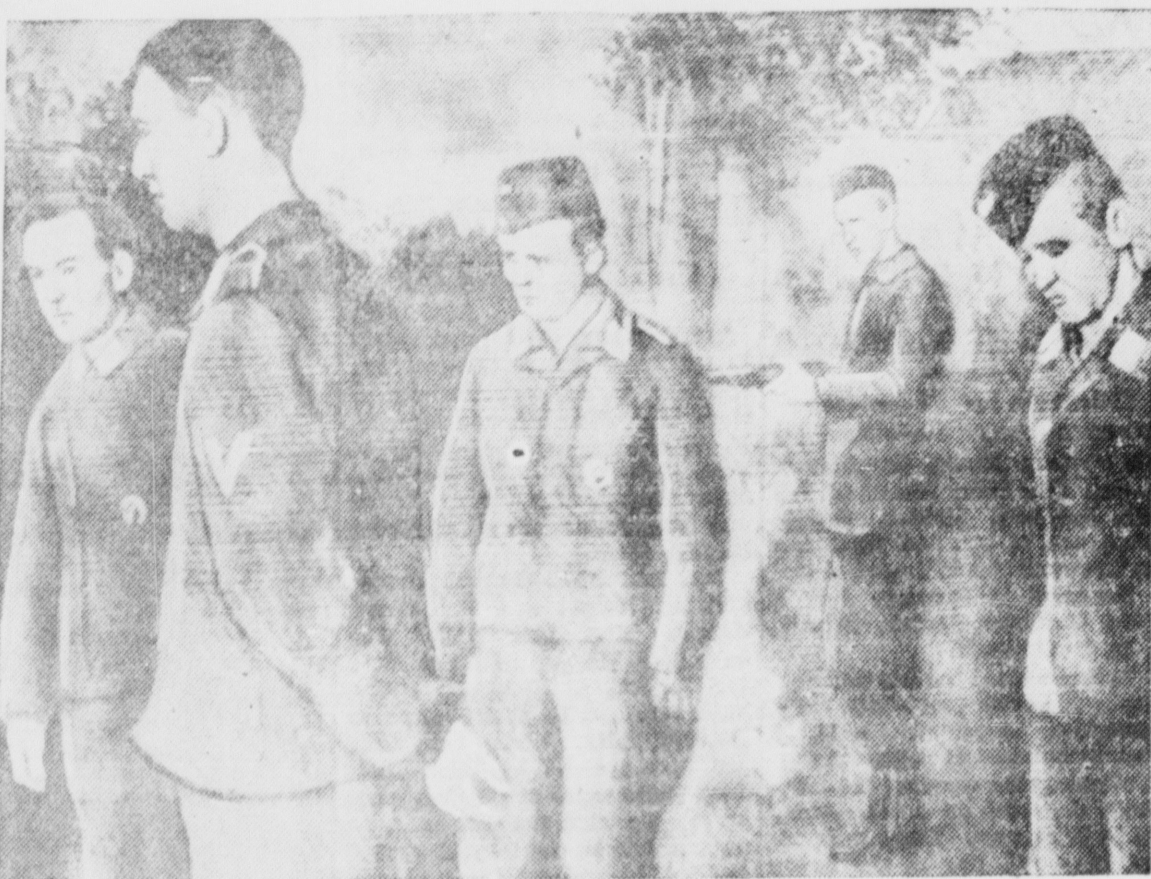

(Continued from Page 1)
light raid on Syracuse, on the
island of Sicily, and left a toll of
14 killed, 30 wounded at Naples,
on the Italian mainland.
In general terms, the nazis re-
ported that the left wing of Ger-
many's Baltic army was pounding
two spearheads into Russian de-
fenses—one directed at Tallinn,
capital of Estonia; the other aimed
at Leningrad, Russia's second
biggest city, at the head of the
Gulf of Finland.
Roughly, the main battle line
ran from Ostrov, near the Lat-
vian-Estonian frontier; thence 100
miles south to Polotsk; 100 miles
southwest to Borisov, on the
Minsk-to-Moscow highway; and
100 miles southeast to Bobruisk,
on the Berezina river.
It was on the central river front
in the 50 mile stretch from Bor-
isov to Lepel, that the Russians
were apparently striking their
hardest blows.
The Russians were reported at-
tacking the Germans in the Pol-
otsk area, while at the southern
end of this line, near Bobruisk,
the Red army was described as
holding firm against nazis at
tempts to fight their way across
the Dnepr river east of the town.
Far to the south, in the Novo-
grad Voinyski sector of the west-
ern Ukraine and in Bessarabia,
the Russians declared their de-
fenses were also unyielding.
German and Finnish reports
claimed gains up to 35 miles into
soviet territory in pushes east to-
ward the important rail line from
Murmansk to Leningrad.
Britain, urged by soviet spokes-
man to strike at once in the west
and catch the Germans on two
fronts, was shaking herself free
of pre-occupation in the Middle
East, with firing slackening in
Syria and Lebanon.
Gen. Henri Dentz, French com-
mander of the Levant states, asked
terms for an armistice there
after a month of fighting between
his forces and the British and
Free French. Official circles at
London predicted the terms would
be accepted quickly and said they
were not harsh.
In the British-German air war
the Luftwaffe and RAF were busy
again overnight. The British
bombed western Germany and the
Germans scattered their attacks
over England.

French Armistice

bloodshed to the allied siege
forces.
(A Berlin spokesman said that
Vichy actually had received
British terms and described them
as "conditions such as would be
imposed on the bitter enemy
but scarcely on a former ally for
whom England still professes con-
cern and hope".
Darlan returned by special
train from Paris and at once con-
ferred with Chief of State Mar-
shal Petain on the armistice pro-
posal.
The 14 U. S. cities over 500,000
population, all with mayor-council
governments, pay councilmen
yearly salaries ranging from \$1-
800 to a maximum of \$9,000.
For every tax dollar collected by
the federal government in 1940, the
various states collected 88 cents,
compared with 12 cents in 1919.
More new oil fields were discov-
ered in the U. S. in 1940 than in
any previous year of the oil in-
dustry's history.

Terse News

Suffers Broken Finger—
Mrs. Gracia Welch suffered a fractured finger in a fall at her home Wednesday.

Licensed Here to Wed—
A marriage license was issued by County Clerk Sterling Schrock today to Merle D. Callison and Miss Wanita Gurnetsfelder, both of Pontiac, Mich.

Sent to Camp Polk, La.—
Joseph Murphy and Arthur Rippeon of this city who were among the last group of selectees to leave Dixon, have both been transferred to the Third Armored division at Camp Polk, La. It was learned here today.

Files Suit for Divorce—
George E. Rice has filed a complaint for divorce in the Lee county Circuit court, charging Golda Rice with desertion. The couple were married at Bryant, S. D., July 14, 1933 and according to the complaint, the wife with two children deserted him Feb. 14, 1937.

Given Fine Promotion—
Harold D. Curran, who began his business career as a carrier-salesman for the Dixon Evening Telegraph has been promoted from the Sterling Railway Express agency to the company's agency at Freeport, a deserved recognition of his ability and efforts. Before going to Sterling, where he served four years, Mr. Curran was agent for the company in Dixon.

Rockford Man Suicides—
Rockford, Ill., July 10—(AP)—Associates said John G. Oldigs, 34, whose body was recovered from the Rock river today, had been despondent over inability to find living quarters for himself and his wife. Rockford has been experiencing a housing shortage and the home Oldigs had rented was recently sold.

Rodeo Booked for Return—
Tom Morrissey, superintendent of the Winnebago county fair at Peatonica, and well known throughout this section, has announced a special feature attraction at the fairgrounds Sunday afternoon, July 13. The Clyde S. Miller rodeo which appeared at the Peatonica fair grounds over the Fourth of July holiday week end by popular request has been booked for the next Sunday date. A number from this vicinity attended the rodeo last week and enjoyed the many thrills.

221 Paroles Granted—
The state division of correction at Springfield announced today that 221 paroles were granted to inmates of various branches of the Illinois state penitentiary in June by the state parole board which went out of existence June 30. The prisoners paroled had served an average of five years, nine months and 15 days. Those paroled from this vicinity were: Clarence Hocking, Lee county, from the Pontiac reformatory; Virgil Garst, Ogle county, from the Joliet peniten-
tary and Darwin Strouse of Bureau county, from Stateville.

Suffers Fractured Foot—
Mrs. George Shaw, of this city, suffered the fracture of two bones in the right foot last evening about 9:30 when a car driven by Frank J. Garland of Harmon became unmanageable on the south approach to the bridge over the I. C. railroad tracks on route 26 just south of Dixon, and struck the Shaw car. The steering wheel connections on the Garland car broke loose and caused the vehicle to swerve into the wrong lane, directly in the path of the north-bound car driven by Mr. Shaw. In February Mrs. Shaw fell on the ice fracturing both bones in her left leg, an injury from which she had not completely recovered.

Lightning Starts Fire—
Naperville, Ill., July 10—(AP)—Lightning set fire this morning to Old Main, oldest building on the campus of North Central college, and destroyed the roof before the flames were brought under control by firemen from Naperville, Downers Grove and Aurora. The four story limestone building was completed in 1885, shortly after Lincoln was assassinated. No estimate of damage was immediately available.

Automobile production for the first quarter of 1941 reached a new record of 1,551,029 cars as compared with the previous mark of 1,546,319 in 1939.

State collections from licenses and sales taxes on alcoholic beverages increased from less than \$10,000,000 in 1935 to more than \$260,000,000 in 1940.

America's total public debt—federal, state and local—on June 30, 1940, amounted to \$63,194,000, 600 of which the federal government accounted for 65 per cent.

Total area of the U. S. is now 3,622,357 square miles, a gain of 1,332 square miles over 1900 due to a re-measurement based upon revised state maps.

Deaths resulting from highway rail grade crossing accidents, the first two months of 1941 amounted to 372, an increase of 21 over the same period in 1940.

DAIRYMEN MEET

Chicago, July 10—(AP)—More than 300 representatives of the dairy industry met with four government officials today in an attempt to "coordinate activities between the industry and the government to provide food required under the national defense program and also to supply America amply".

An official of the American Dairy Association, which called the conference, described it as "an emergency, cooperative meeting".

FOR 100 TRAILER HOMES

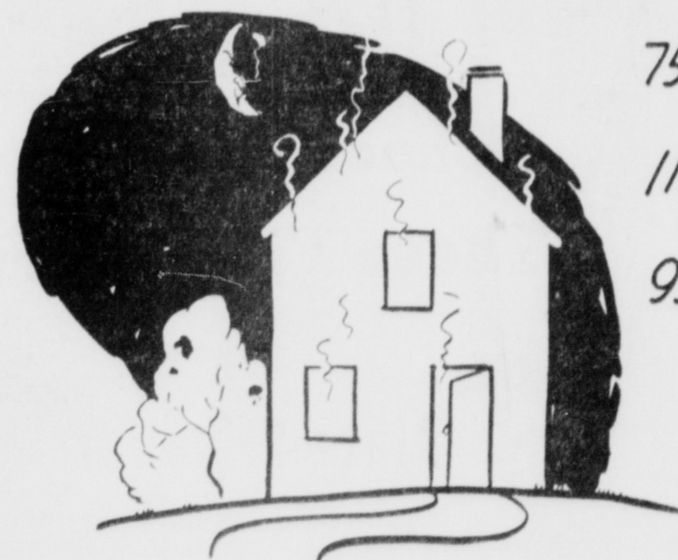

Burlington, Iowa—(AP)—Oliver Reiley, secretary of the Burlington Chamber of Commerce, said that Modern Homes, Inc., St. Elmo, Ill., was the low bidder on the establishment and improvement of a site here for 100 trailer homes for Iowa ordinance plant workers. The bid of \$29,845 was sent to Washington for approval.

IS YOUR HOUSE TOO HOT?

95° outside
120° attic
100° inside

On hot summer days, your house soaks up the heat! By five o'clock in the afternoon, with outside temperatures of 95 degrees, your house may reach 100. And up in the attic the heat may soar to 120 above! Your bedrooms are like a bake-oven!

75° outside
110° attic
95° inside

By eleven that night, outside temperatures usually are down to 75 degrees or lower. A non-ventilated attic still is 110, and the house very slowly goes down to 95! It is usually 3 or 4 in the morning before you can sleep!

75° outside
75°-80° attic
inside

With an attic ventilating fan, turned on when the sun goes down, the cool night air flows in all over the house. The heat leaves the walls, furniture and attic, and they remain cooler the following day.

Weekly Food and Marketing Letter by Mrs. Emily M. Lautz for Dixon Telegraph Readers

Memorial Day starts the picnic season in some sections, but Fourth of July assures the happy combination of bathing and picnics. These outings are doubly successful when they are planned as a real Independence Day for the busy homemaker.

Once again, it is advance planning that does the trick. When emergency shelf and refrigerator are stocked with a few essentials, the holiday meal can easily be adapted to porch, backyard grill, or distance beach, depending on the weather.

Many a refrigerator now boasts rolls of ready-to-bake cookies, a cooked ham, adapted to slicing or sandwiches, cheese, tomatoes, bacon and plenty of eggs. No picnic is complete without eggs, experts maintain. Hard-cooked plenty of eggs for stuffing, sandwiches, salads and garnishes, and left-overs always can be served in cream sauce or used in casserole dishes. Boil potatoes a day in advance for potato salad and if possible prepare it with an old-fashioned boiled mustard dressing, rather than mayonnaise.

Different families like different combinations of chopped meat, and everyone knows that the quality is better when meat is freshly ground on request. To carry ground meat safely on a distant picnic, pack it at once in refrigerator trays, freeze for several hours, carry to the picnic in the trays and cook in slices as you cut them from the pan.

If no picnic is complete without eggs, it certainly must have mustard. Use prepared mustard in those stuffed eggs, spread it on tomato halves before broiling, add a bit of sandwich fillings and spread it on meats and frankfurters before cooking, rather than reserving it as a condiment. Smoked ham is improved when it is spread with mustard and broiled under broiler heat or over live coals on an open fire.

Frankfurter surprise is an old favorite, indoors or out. Parboil franks. Split and spread with rich prepared mustard. Place a thin slice of dill pickle in each. Now roll in bacon strips, fasten with toothpicks and broil.

For a delicious sandwich, put equal amounts of cooked ham and store cheese through a grinder, mix in prepared mustard and a few drops of Worcestershire. Or add a bit of prepared horseradish. Tomato catsup is a dependable favorite. Add a few drops to ground sandwich fillings and to stuffed eggs. Do not repeat one seasoning in several dishes. And avoid over-seasoning picnic food. If mustard goes on the broiling meats or into the eggs, use catsup as a sandwich flavor. Ever work grated American cheese to a smooth paste with tomato catsup. Use about two tablespoons of catsup to every one-fourth pound of cheese. Spread between buttered whole wheat bread.

A last reminder. One hot dish is just as important on a picnic as in any summer meal. Win your audience with steaming hot soup. Take it in a wide-mouthed thermos jug, or heat prepared soup over the campfire and serve in

cups. You will be surprised at the enthusiasm.

SEASONAL DISHES

Blueberry Muffins

1 1/2 cup shortening
1-3 cup sugar
2 eggs
2 cups sifted cake flour
4 teaspoons baking powder
1/2 teaspoon salt
2-3 cup milk
2-3 cup fresh or canned blueberries well-drained
Cream shortening with sugar, adding sugar gradually. Beat eggs; add and mix until well blended. Mix and sift 1 1/2-3 cups flour with the baking powder and salt. Alternately add dry and liquid ingredients to first mixture. Sift remaining flour over blueberries and stir with fork until berries are coated. Fold berries into batter, and pour into greased muffin pans. Bake 30 minutes in hot oven 400 degrees F. Yields: 12 to 14 muffins.

Baked Tomatoes with Mushrooms
6 large tomatoes
2 cups soft bread crumbs
3 tablespoons shortening
1 small onion, minced
1 cup mushrooms, minced
Salt and pepper
Cut tomatoes in halves and sprinkle with salt and pepper. Heat shortening and saute the onion and mushrooms over low heat about 3 minutes. Add crumbs and stir until well mixed. Season. If not sufficiently moist to cling together, add a few drops of water or tomato juice. Divide into 12 parts and pack on top of each tomato. Bake 8 or 9 minutes in hot oven until light brown on top.

Stuffed Tomatoes: Mix succotash with the pulp from 6 tomatoes, refill tomatoes, dot with buttered crumbs season and bake.

PICNIC SPECIALTIES

Camp Kabobs

Cut colored apples into rings 1/2 inch thick. Slice white onions into 1/4 inch slices. Cut beef or lamb into 1 inch cubes. Run a pointed stick through one end of a long slice of bacon, then a ring of apple, a slice of onion and a cube of meat.
Lap the bacon up over this and run stick through it again. This may be broiled in the kitchen broiler and served from a hot casserole. Or hold over glowing coals until the bacon is very crisp and the meat is done, which means about 20 minutes for outdoor cooking.

Stuffed Eggs
6 hard-cooked eggs
4 tablespoons mayonnaise
1 teaspoon minced onion
1/4 teaspoon salt
1/4 teaspoon dry mustard
Few drops Worcestershire
Cut hard-cooked eggs in half lengthwise. Remove yolk and mash finely or force through sieve. Add remaining ingredients and mix well. Refill whites with mixture and chill well. Sprinkle with paprika and garnish with watercress.

Stuffed Egg Variations
Omit mayonnaise and season with 1 tablespoon prepared mustard, 1/2 teaspoon softened butter and 1/4 teaspoon salt. Substitute cooked mustard dressing for mayonnaise. Replace onion with chopped chives or pimiento.

Deviled Eggs: Add 2 tablespoons minced pickled or stuffed olives to seasoned yolks. Anchovy paste seasons stuffed eggs deliciously; omit salt when this is used, allowing 1 tablespoon to 6 eggs. Reduce salt when minced ham or bits of crisp bacon are added; use 2 tablespoons ham to 6 eggs.

SWEET TREATS

Chocolate Bites Chiffon Pie

Pie is a year-round favorite, even with the homemaker since the popularity of chiffon pies that do their "baking" in the refrigerator. Why not make up several pie shells, and have them ready for baking? Or bake an extra pie shell when the oven is lighted and merely reheat it for a few minutes

when ready to use in a day or two.

Here is a delicious dessert for party day or any day:
1 tablespoon gelatine.
1/4 cup cold water
1/2 cup hot coffee
1 cup chocolate hits, melted
4 eggs, separated
1/2 cup sugar
1/4 teaspoon salt
1 teaspoon vanilla
1 9-inch pie shell
Whipped cream
Soften gelatine in cold water. Mix hot coffee and chocolate until smooth in top of double boiler over hot water. Add softened gelatine to hot chocolate mixture and stir until dissolved. Add egg yolks, slightly beaten, one-fourth cup of the sugar, salt and vanilla.

Cool and when mixture begins to thicken, fold in stiffly beaten egg whites, which the remaining one-fourth cup sugar has been added. Fill pie shell and chill several hours in refrigerator. Just before serving, spread thin layer of whipped cream over pie.

Strawberry Pudding Sauce: One-half cup strawberry juice, 1 cup cream, whipped, 1 tablespoon confectioner's sugar (to taste). Beat well.

Has your furnace been cleaned yet? That seems like a strange subject to bring up on a steaming hot day, but the burning question is not as untimely as it sounds.

With most types of heating equipment, more damage can occur during the summer months than during the regular heating season. Therefore experts are advising that the furnace should be cleaned at the end of the heating season, rather than in the fall as has been the usual custom. Experts add that special attention should be given to keeping the internal surfaces dry during the summer months.

Moisture is the big mischief maker in the furnace, said W. B. Cooper, prominent home heating engineer of Springfield, Mass., in a recent interview. Moisture presents no problem, of course, when the furnace is in operation because the heat counteracts it. But there is no such resistance in summer. Rain seeps down the chimney unchecked. Highly humid weather is the rule rather than the exception. Whichever the source of the moisture, when it is allowed to collect on the metal parts inside the furnace, the answer is rust.

To avoid deterioration caused by rust, have the flue pipe removed to prevent moisture from entering the chimney; leave the furnace doors open so that the air can circulate freely enough to keep the inside of the furnace dry, and where it is feasible to do so, the heating equipment should be periodically fired in order to dry it out thoroughly.

Where oil is used as the fuel, the tank should be kept filled to prevent sweating. When that happens, the inside of the tank rusts from the inside.

Harmful also are the soot and ashes which accumulate in the flue and combustion chamber of the furnace during the winter. To neglect that residual material indefinitely is always to invite corrosion. To do so in the summer especially, when the air is heavily laden with moisture, is to aggravate the condition. For the chemicals in soot and ashes are much more active in the presence of moisture and all the more likely to break down into acids and alkalines which cause corrosion.

Still more can be said for the practice of spring or early summer cleaning than that it builds up the resistance of an idle furnace. For the many homeowners whose heating equipment rounds out its full-time winter schedule only to take on a part-time summer job, spring cleaning pays an extra dividend. For example, blowers on forced warm air units are commonly used in hot weather to circulate air and thus produce a cooling effect in the house. Previous to this operation, it is important that the filters be inspected and replaced if necessary. Otherwise, with the filters clogged with dirt, the passage of air is retarded and the amount of air circulated is greatly reduced.

Where boiler radiator systems are prevalent and the heating system is the source of the summer supply of hot water, it is an immediate economy to check over the equipment in the spring. The firing device should be adjusted. The fire travel passage should be cleaned. The water travel passage in the boiler, in the heater coil and in the piping should also be cleaned. These precautions not only save fuel, but result in a more abundant supply of domestic hot water.

Since each particular type of heating equipment requires its own special care, it is advisable to have a competent heating man who is familiar with the differences in equipment prepare the system for the summer months. Many heating contractors offer such a service. It consists of thoroughly cleaning the equipment and piping, painting the exposed surfaces and adjusting the mechanical parts. The furnace is also checked over to see if any of the parts are the worse for wear. If so, repairs and replacements are obviously less of a nuisance in the summer when the heating equipment is off duty.

As frequently pointed out, a defective furnace is a fire hazard that causes millions of dollars worth of destruction each year.

Homemakers may find one other advantage in addition to the "ounce of prevention" angle. Furnace repairs are seasonal. The first cold snap finds heating contractors swamped with orders for repairing and cleaning, just as furriers are deluged with orders to put heavy coats in order. During the summer, the furriers sit around and yearn for jobs, which they are able to do more thoroughly and at lower prices than in their brief boom season.

If your furnace is still hoarding its last accumulation of ashes, why not have it put in shape this month? The repair man is certain to do a more thorough job than in the fall and his bill may be lower. You may be ahead money on future repairs and certainly your mind will be easier.

SUMMERTIME DESSERTS

Peach Sponge Pie

1 package of lemon-flavored gelatine
1 cup hot water
1/2 cup sugar (see note)
1 1/2 cups crushed peaches
1/2 cup heavy cream, whipped
1/4 teaspoon salt
1 9-inch pastry shell
Note: Fresh or canned peaches may be used. If canned peaches are used, reduce sugar to 1/4 cup. Dissolve gelatine in hot water. Mix sugar with peaches, which have been peeled and crushed. Let stand 15 minutes. Drain juice from fruit mixture and add to dissolved gelatine. Chill until mixture begins to thicken. Whip with rotary beater until very fluffy, then fold in fruit and the whipped cream, to which salt has been added.
Pour mixture into baked pastry shell. (Corn flake pastry also may be used for this.) Chill until

set. Garnish with whipped cream if desired.

Raspberry Sponge Pie: Substitute raspberry-flavored gelatine and fresh raspberries for lemon gelatine and peaches.

Corn Flake Pastry

4 cups corn flakes
1-3 cup butter
1/4 cup sugar
Roll or grind corn flakes to make 1 cup fine crumbs. Melt butter in 9-inch pie pan, add sugar and crumbs and mix thoroughly. Press mixture evenly and firmly around sides and bottom of Pan. Chill before adding filling. This quantity will yield 1 9-inch pie shell.

VEGETABLE SURPRISES

Pennsylvania Dutch Spinach

1 1/2 pounds young spinach
6 slices bacon
1-3 cup vinegar
2-3 cup chopped green onions
1/4 teaspoon sugar
Wash and pick over spinach. Remove tough coarse stems. Crisp in ice water for a few minutes. Cut bacon into 1/2 inch sections. Place in cold fry pan and cook slowly, turning frequently until crisp and brown. Drain on absorbent paper. Combine vinegar and sugar. Pour into hot fat after bacon has been removed and bring to a boil. Wash green onions and chop fine. Combine with spinach and mix lightly, using two forks. Serve in deep bowls. Serves 6.

Deviled Tomatoes on Toast

6 tomatoes
Salt and pepper
6 slices bread, toasted
1 cup bread crumbs
1 cup chopped boiled ham
1 tablespoon prepared mustard
Cut tomatoes in fairly thick slices. Arrange on slices of buttered toast. Sprinkle with mixture of seasonings and bread crumbs. Bake in moderately hot oven until tomatoes are tender. Mix mustard with chopped ham and spread over tomatoes, which should be browned and tender, but not cooked too soft.

Surprise: Mince 1 tablespoon parsley and fold into potatoes when they are partly mashed. For good measure, add a bit of chopped pimiento. Both boost vitamin A, plus color and flavor.

NEWS ABOUT FOOD

Interest in apples this year was stimulated by public school poster contests conducted by the New York and New England Apple Institute. Seventy-five schools submitted the best of several thousand posters, and several groups of prizes were divided among the winners. The grand prize went to a fourteen-year-old art student in Lancaster, N. Y. high school, Miss Betty Torpy. Her poster used only two applied colors, red and blue, and its well-expressed useful message was considered, as well as the simple balanced design, which can be reproduced readily. The Institute expects to use a number of the junior designs in promoting the use of apples. Apple growers are using this slogan: "The best salesman for more apples is good apples."

Federal food experts suggest

that young stems of milkweed may be cooked like asparagus. Many consider milkweed stems equal to asparagus in flavor.

Sad because there is no "R" in the month Oysters may be on holiday until September 1, but lovers of shellfish still can enjoy such treats as clams, lobsters, rock lobster tails, mussels, snails, spiny lobster tails, scallops, cray fish, shrimp and crabs. Little Neck and Cherrystone clams now are in their prime. Why not clam chowder on a cool, rainy day?

Over 70 per cent of the chickens raised on farms in the United States now are hatched in commercial hatcheries and come to the farms as "baby chicks."

Lemonade was sold as a scurvy remedy by medieval pharmacists in Florence hundreds of years before scientists discovered vitamins. Lemons contain the scurvy preventive, vitamin C.

NOURISHING DELICACIES

Scientists of the Fish and Wildlife Service, Department of the Interior, recommend sea foods in the diets of both invalids and convalescents, because their proteins (prime builders of body muscle and tissues) are almost completely digestible and have a high and excellent food value. Most aquatic foods are almost a perfect balance of the important nutritional factors—vitamins, that is, minerals and proteins.

Question Peoria Man About Mendota Mishap

Eureka, Ill.—(AP)—Justice of the Peace J. H. Morrow ordered Raymond L. Thomas, 32, Peoria, bound over to the Woodford county grand jury under \$15,000 bond on a manslaughter charge growing out of the hit-run death of C. E. Spangler, 62, Washburn real estate man. Thomas also was questioned concerning the injury of Herbert Blackwell, 32, a Bastrop, La., hitchhiker, who was struck by a car near Mendota. Both accidents occurred Tuesday.

PEORIA AVENUE AND RIVER STREET

Crusaders' Chorus To Feature Friday Evening's Event

Vocalists Will Assist Dixon Band at John Dixon Park Event

The Dixon Municipal band under the direction of Orville Westgor, will present another excellent program Friday evening at 8 o'clock at John Dixon park. A feature of the program will be a male chorus of 13 voices singing the Crusader hymn from Buchtel's overture, "The Crusaders". The chorus will consist of the following singers selected from church choirs of the city: Ralph Nielsen, Richard Joslyn, George Lovecamp, Lawrence Palmer, Glen Gibson, Harold Rhodes, Robert Fulmer, David Reigle, Dan Nielsen, Raymond Wulbrandt, the Rev. George D. Nielsen, Stanley Krahler, Eugene Lebre and Bill Hey.

The story of the overture follows: Inspired by the deep sincerity of the medieval leaders who organized the crusaders to regain the Holy Land from its captors, the composer linked together several of the general moods related to the romantic story of the Crusaders.

The opening scene is a medieval cathedral when the entire population of the hill and countryside has gathered for religious instruction and inspiration. They are strangely stirred as the alluring melody of the well known and impressive Crusader's Hymn casts its spell over them. The priest speaks in a low but firm tone and gains immediate response from the multitude in front of him. After his sincere exhortations they become convinced of the task before them and set about to prepare for the journey.

Spirit Enticing

Next, a light-hearted melody suggests their departure, little realizing what actually was to face them. To many it was to be a gay adventure and the spirit of the crusaders was enticing. Shadows gather on the horizon as the call of "Fate" is heard, light but forboding in character, portending the adversities that are to follow.

With sudden fury, the forces of destiny descend upon these crusaders, bringing hardship, sorrow, peril, disappointment, pestilence and starvation. This agitated section represents the relentless singing of one force after another upon this pitifully unprepared group.

When the agitation has ceased, the call of "Fate" is repeated, this time suggesting frustration and even destruction. Yet, through it all there still remains a ray of hope and the zeal of a religious ideal.

The dynamic "Crusader Hymn" portrays the triumphant return of this religious ideal. Despite hardship, disappointment and seeming failure, an earnest religious zeal lives on, and the spirit triumphs, transcending mere physical existence.

PADDY DRISCOLL JOINS BEARS' COACHING STAFF

Chicago, July 10—(AP)—John (Paddy) Driscoll, former Marquette university head football coach, joined the coaching staff of the Chicago Bears today.

George Halas, owner and head coach of the National Professional League champions, said Driscoll and Line Mentor Hunk Anderson would be his active aides this season as the powerful Chicago squad seeks its second straight title.

Driscoll was a football star at Northwestern during the World War, later playing with Halas on the Great Lakes Naval Training Station eleven. Then came an extended career in pro football, including four years as a member of the Bears.

Driscoll became head coach at Marquette in 1937 and remained through the 1940 campaign before resigning. He now has a seat on the Chicago Board of Trade.

Three Ships Strike Mines in Baltic Sea

Stockholm, Sweden, July 10—(AP)—Three ships of undisclosed foreign nationality struck mines and sank in the Baltic sea off the Swedish east coast last night thunderous explosions heard over a wide seaboard area, it was reported today.

Sixteen injured survivors have been landed.

A Swedish ship with surgeons and nurses was sent from the port of Kalmar.

33rd Division to Leave Next Month for Big Maneuvers

Illinois Soldiers in Camp Forrest Will See Improvements

Camp Forrest, Tenn., July 10—(AP)—A \$30,000,000 construction program was started today to provide Camp Forrest with an airport, additional recreational facilities and living quarters and to solve the dust problem by black topping all roadways.

The new summer schedule of building—most of it to be completed by September 1—will raise to nearly \$30,000,000 the total spent in construction at the vast cantonment, where the 33rd (Illinois) division is training.

The Illinois troops will leave about August 11 for maneuvers in Arkansas, joining 100,000 other men from the Second Army. On September 1 they will go to Louisiana for the largest war games in the nation's history, in which more than 400,000 soldiers are scheduled to participate.

The principal item of construction here is a \$1,400,000 airport, fully equipped for military use and with 5,000-foot concrete runways, some five miles northwest of the camp. Maj. Gen. Samuel T. Lawton, commander here, said the 128th observation squadron, mustered into service recently in Georgia, would be stationed at the airport.

To Solve Dust Problem

General Lawton said black-topping the 54 miles of roads in the camp would be a big step toward solving the dust problem, the No. 1 headache for medical officers since the Illinois men came here in March. Alkali dust has caused epidemics of sore throats. Only nine miles are now surfaced. Highways into Tullahoma and Manchester also are being improved.

Construction was started this week on 12 chapels, nine of them for the 33rd division. The foundation was laid today for a fourth theater, seating 1,000 persons.

Start Sports Arena

The first dirt was turned this week on a huge sports arena, to be equipped with permanent bleachers for 4,000 and temporary bleachers for 2,000. A football field, a quarter-mile track and several tennis courts are planned.

WPA and camp recreational funds are being spent on improving the ready made swimming pool at Cumberland Springs, a resort center nine miles west of the camp.

Other buildings to be constructed include additional club and recreational buildings, mess halls, administration buildings, motor repair shops, warehouses and open sheds for horse trailers and tractors.

Debts and state and local governments amounted to \$20,225,000,000 at the end of 1940, an increase of 3.4 percent over 1932.

POLICE ESCORT NEEDED FOR COTTON STATES LEAGUE Umps

Monroe, La., July 10—(AP)—Baseball fans worked themselves into such a dither last night over umpires' decisions in a Cotton States League game that state police had to escort the arbiters from the field and a fan died of a heart attack on the way home.

A crowd gathered at the players' exit after Greenville beat Monroe 8 to 6 in a game of many close decisions by Umpires Cy Firman and Bud Newman.

The police guarded the umps as they went to their automobile,

but several citizens got in a few punches and stones pelted the car as it left.

Propose Election to Determine Agent For Plant at Rock Falls

Washington, July 10—(AP)—A run-off election between AFL and CIO unions to determine a collective bargaining agent at two International Harvester Company plants was proposed today by a defense mediation board panel.

A suggestion that the labor board conduct an election at the company's McCormick works in Chicago and its plant at Rock Falls, Ill., was made after consideration of a report on some issues in dispute between the firm and

the Farm Equipment Workers Organizing Committee (CIO).

The report was drafted by Don Leschmier of the University of Wisconsin. It was not made public. The panel also suggested that the company start collective bargaining negotiations with the FEWOC at the Chicago tractor works.

Charles A. Graham, regional director of the board at Chicago, announced Tuesday a decision on nine challenged ballots may determine the winner of the recent election at the Rock Falls plant.

He treats eggs like precious jewels

TO HIM a truly fine egg is something to be held delicately between thumb and finger, turned admiringly and regarded with affection. He is the man who heads up the A&P corps of expert egg buyers, candlers and handlers who, working like a smooth machine, whisk the best eggs from hen yards to A&P Stores and Super Markets throughout America.

This man maintains a rigid system of inspection and candling for each egg. And it doesn't daunt him and his assistants that more than a billion eggs are required for A&P customers. Each egg gets its individual attention.

Furthermore, this expert has developed a far-reaching "Secret Service" that keeps a history of the movement of eggs from hen yard to customers. To do this, A&P Eggs carry dates on their crates and cartons. The dates tell A&P managers and clerks of the quickness with which they must be sold to guarantee their goodness at your table.

You would think that eggs so carefully handled would cost a heap more. They don't! In fact, they are thrifly priced . . . all grades and brands. Because A&P goes to the source of supply for them (as it does for countless foods) and brings them direct to its stores, many unnecessary expenses and profits are cut from the cost. And you share in the savings. Thus hundreds of fine quality foods are priced low at A&P.

Newest reason for this welcome economy is the A&P Super Markets. These new food department stores sell 5 to 15 times as much food as average A&P Stores a few years ago. Because of so much business under one roof, storekeeping expense is "way down". This means that prices are "way down", too. You save because it costs A&P less to sell to you.

★ ★ ★ ★

*A&P Super Markets keep their prices low throughout all departments . . . every day of the week. Thus if you shop for all your needs in them, you save on your entire grocery bill.

Baby Show Finale To Be Fine Pageant at Loveland House

Little Tots Will Reign Supreme There Fri- day Evening

For one night anyway, the tiny tots of Dixon and surrounding territory will have full sway as the climax to the prize baby show and welfare pageant which has been conducted here by the Veterans of Foreign Wars Auxiliary. The Coronation Pageant which will be held at the Loveland Community House Friday night at 7:15 o'clock will be the finale of the baby show. The stage which will be patterned after the Court of St. James and a miniature fairland, will be the background for the baby kings and queens, prince and princesses, dukes and duchesses and the rest of the members of the court. The babies clad in their regal robes and crowns will bring many a laugh to the audience as they toddle or strut across the stage to their tiny thrones.

On the afternoon of July 2nd at the Loveland Community House, a group of five judges chose the prettiest babies in the entire show. Those babies will compete again for the title of Miss and Master Dixon at the Coronation Pageant. The beauty winners have won entirely on their own merits. The beauty winners are:

Under six months—Gerald Curran and Mary Giese.

Six months to 1 year—Barry Rebeck, Darlene Downs and Nancy Welty.

One to two years—James Wright, Lawrence Canfield, Mary Ann Docter, Catherine Ann Spangnole and Marlene Heckert.

Two to three years—Larry Sutton, Roger Lepley, Robert Wernick, Linda Lou Tilton, Beverly Ann O'Brien and Miriam Kay Tesson.

Three to five years—Ken Shelton, Barbara Maloney and Helen Farley.

Other Winners

The winners in the royalty division are as follows:

Supreme King of Dixon—Lawrence Tyler.

Supreme Queen of Dixon—Patricia Van Zuden.

Supreme Prince of Dixon—Sterling De Arvil.

Supreme Princess of Dixon—Susan Etnyre.

Supreme Duke of Dixon—Barry Rebeck.

Supreme Duchess of Dixon—Nancy Jeanne Beyer.

Under one year—

Queen—Sadie Sharon Corso.

King—Gary Meyers.

Prince—Charles Brainerd.

Member of the Court—Judith Bohlen.

State-Wide Merit Tests Planned to Fill New Program

More Employees Needed to Administer Public Assistance Laws

Springfield, Ill., July 10.—(AP)—State-wide merit examinations to fill positions in the state's newest branch of government—the \$16,000,000 aid to dependent children program—will be held soon in order to start distribution of the public assistance funds by Oct. 1, welfare department officials disclosed today.

Superintendents of county welfare departments who will have charge of administering the new program will meet July 15 with state Welfare Director Rodney H. Brandon to discuss plans to merge the children's aid program with the existing old age assistance department.

The civil service commission, acting as a special merit system council, will have charge of conducting examinations for county superintendents, case workers, stenographers and clerks needed to administer the program.

Brandon last week announced the formation of a new division of public assistance to administer both aid age assistance and aid to dependent children. Distribution of children's aid will be conducted through county welfare departments which are now functioning for the distribution of old age assistance. Fletcher C. Kettle, superintendent of the new public assistance division, said that superintendents of county welfare departments and other personnel who have passed merit examinations will be retained in their present positions.

More Workers Needed

Additional employees are needed, however, because of the expanded program and they will be selected by state-wide examinations. The A. D. C. law enacted last month by the legislature provides that preference be given to persons who reside in the county in which they seek employment, Kettle said.

Robert L. Hunter, chairman of the state civil service commission, said that the commission would meet next week to devise rules and regulations for the merit system examinations.

under 18 if in regular attendance at school, will begin Oct. 1, Kettle said. The federal government will match the state's contribution up to awards of \$18 monthly for the first child in a family and \$12 each for every other child.

Kettle said that awards will be determined on the basis of need, but predicted that some children will receive more than \$18 maximum set by the federal government.

Since funds will be distributed to parents or guardians of the needy children, Kettle predicted that the children's aid program would result in an appreciable drop in the relief rolls. The \$8,000,000 to be contributed as the state's share for the next two years will be taken from the state relief fund.

The aid to dependent children program will supplant the locally administered mothers' pension law which will become inoperative after July 1, 1942.

Checks Distributed

Distribution of July old age as-

sistance checks to 146,000 Illinois pensioners was scheduled to be resumed today after a week's delay because of a suspension of federal funds by the Social Security Board in Washington.

Senator C. Wayland Brooks notified Finance Director George B. McKibbin that the social security board released \$1,500,000 for Illinois late yesterday. The funds were temporarily suspended when congress delayed in appropriating funds for the social security administration.

Distribution of checks originally was scheduled to begin July 2 at the rate of 7,500 a day. A total of 52,500 checks which had accumulated since then were to be mailed out today and distribution of funds to the remaining 101,000 pension recipients will proceed on schedule, Kettle reported.

Checks are distributed alphabetically by counties and the suspended checks were addressed to pensioners in counties ranging from Adams to Macoupin, with the exception of Cook county.

The checks withheld because the federal government contributes half of each assistance award. Instead of sending checks on the scheduled days, state officials sent letters to each recipient explaining the delay.

Armory Construction Program Is Approved

Chicago, July 10.—(AP)—An armory construction program calling for the expenditure of more than \$5,000,000 and embracing Chicago and 10 downstate cities was projected today.

The program received the approval yesterday of the State Armory Board. Maj. Gen. Roy D. Keehn, board chairman, said application had been made to the Work Projects Administration for a \$1,100,000 grant to aid in the construction.

The downstate sites listed were Alton, Moline, East St. Louis, Joliet, Bloomington, Paris, Springfield, Sterling, Macomb and Galva.

Keehn estimated the average cost of the downstate armories at between \$250,000 and \$300,000. The Chicago building, he said, would cost about \$3,000,000.

More than 17,000 lumber mills operated in the U. S. in 1939.

Per capita share of state and local government debts in 1940 amounted to \$154 as compared with \$157 in 1932, representing a decrease of 2.2 per cent.

HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, head-aching and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

JUST BETWEEN US

One of those "just-between-us-guys" golf matches leaked out yesterday when it was learned that Joe Miller defeated Tom Richards on a "clothing only" event over the Dixon Country club course Tuesday afternoon. Joe scored birdies on the first two holes and came in with a 40 card after a little tough luck on the homestretch. Tommie carded 48.

INCREASE SEATING CAPACITY

Following a meeting of the Dixon Board of Education last night it was announced that 500 additional bleachers are to be purchased for the high school athletic field to accommodate the additional patrons who attend night football games. The bleachers are to be of steel structure and a section of 250 seats each will be mounted on concrete blocks at either end of the present stadium.

MEETING LAST NIGHT

At a meeting of the softball league managers last night, it was decided that the Dixon girls team will be scheduled for Sunday night feature games as part of the twin bill. Other league matters of an important nature were not completely settled and will be announced later.

TATTLE TALES

A trio of divot-diggers burned up the Plum Hollow course yesterday afternoon with a total of 173 strokes—divided three ways. Taking the low gross honors was John Shultz with a 53, next was Jim O'Malley with a 58 and Ed Uebel carded 62. (No comment.)

SOFTBALL GAMES HERE TONIGHT

Getting into mid-season form, the Dixon Softball league offers another twin bill tonight at the Airport. In the first game the United Cigars (won 6; lost 0) meet Nachusa (won 1; lost 4). In their first meeting this season which was the opening game, the United Cigars won 12 to 2. Tonight's curtain-dropper pits Freeman's (won 1; lost 5) against Three Deuces (won 3; lost 4). In their previous meeting the Three Deuces won, 7 to 5.

TO SEE WHITE SOX TONIGHT

Four Dixon baseball fans expect to go to Chicago tonight to see the White Sox play the Washington Senators under the arcs. Included in the party will probably be Hi Emmert, Bill Bowden, Dick Joslyn and Revere Rinehart.

KNACKS PRACTICE TONIGHT

Grooming for that out-of-town game with the Howe All-Stars of Rock Falls next Sunday, the Dixon Knacks will hold another regular practice session tonight at 5:30 at Reynolds Field.

RESURFACING ALLEYS

The eight alleys at the Dixon Recreation are being resurfaced today in preparation for the fall season. Frank Deschbach says open bowling will begin on August 23 and league bowling starts early in September.

NEW GAME WARDEN

Paul R. Beebe of Forreston has been appointed game warden of Oglesby county by the department of conservation of the state of Illinois. Mr. Beebe was president of the Oglesby County Sportsman's club for two years and is now secretary. He assumed his new duties July 1.

Second-Place Malta to Meet Lee's Undefeated Team in Game on Sunday

All eyes—at least of the fans and players of the Tri-County hardball league will be turned to Malta Sunday afternoon where the hosts (now in second place) meet the undefeated Lee team in their first encounter.

The invincible Lee lads will be battling to keep a firm grip on the upper rung of the pennant ladder, while Malta has served notice that they fully intend to shoulder Manager Dan Kennedy's helpers aside and take another step higher.

Things in the Tri-County league have been running smoothly thus far this season, with Lee and Malta dominating the play. No other team has been able to give either team more than a scare in the race although Ashton succeeded in dumping the Maltais last week. Lee and Malta have not yet met this season and things are certain to burst into flame Sunday. The game will be played on the Malta field and a large crowd is expected for the anticipated fireworks.

LEE WINS HOLIDAY TILT

Before a very large crowd, at the 14th annual Fourth of July celebration of the Men's Community club of Esmond, held at Scamp's grove, the league leading Lee Sluggers kept their season's record unscathed by defeating Esmond, another member of the Tri-County League, 10 to 6.

The game was packed with thrills throughout, and was played in an adjacent pasture which was not exactly conducive to errorless baseball.

A wild streak by Engelkus in the first inning, coupled with two errors, shoved over three runs for Lee, and it looked as if the parade was one, more so, when Kennedy's Helpers held Drexler and his boy friends scoreless in their part of the inning.

With the assistance of a hit by Johnson and Appler, the Lee boys crowded in another tally in the second inning, putting them out in front 4 to 0. However, the fighting Esmond boys bounced back with a rebound that shook the ball park and surrounding territory, when they smacked out six hits, one a double by Thuested and two walks, to drive in six scores.

CEDAR RAPIDS IS FIGHTING EVANSVILLE FOR LEAD IN THREE-EYE BASEBALL LEOP

(By The Associated Press)

Evansville and Cedar Rapids maintained their neck-and-neck race for first place in the Three Eye League last night, each winning a close decision.

The Raiders, who lead Evansville by a few percentage points, squeezed by Springfield, 5 to 3, on Haas' seven-hit pitching after pushing off to a two-run lead in the first inning.

Evansville splurged with four runs in the opening frame against Madison, but the Wisconsin team tied the score in the fourth. The Bees scored what proved to be the decisive tally in the sixth for a 5 to 4 decision.

Decatur swamped Clinton, 12 to 2, behind Byerly's five-hitter, clinching the outcome with five runs in the fourth. Waterloo lost to Moline, 4 to 3. Dahlstrom and Hadjuk homered for the losers and Rolandson added one for Moline.

Average annual earnings of railway employees in the U. S. at the end of 1938 amounted to \$1,859. In the peak year of 1929, the average was \$1,744 and in 1916 it amounted to \$891.61.

Detweiler Named President of Lincolnway Golf Group

DEKALB LEADS IN ANNUAL TOURNEY; WINDUP IS TODAY

1942 Event Will Be Held Here; Smith Is New Officer

Ken Detweiler, Dixon's ace amateur golfer and defending champion of the current Lincoln Highway Golf association's tournament at DeKalb, was elected as president of the organization at the annual banquet and business meeting held last night. Floyd Smith, also of Dixon, was chosen secretary-treasurer.

The Dixon Country club was awarded the 1942 tournament and it was also decided that it will be optional with the competing clubs whether or not it entered two six-man teams in next year's tournament.

At the halfway mark in the tournament yesterday afternoon, the Kishwaukee Country club, host in the 1941 tourney, was leading with Dixon second and Oregon's defending champions third.

Kishwaukee finished the 36 holes yesterday with a plus 24; Dixon had plus 6; Oregon minus 11; Polo minus 35; Morrison minus 53; Clinton, Ia., minus 59; and New Rock River Country club of Sterling minus 64.

Of the individual scores for the Dixon six-man team at the end of 36 holes the counts were: Detweiler plus 10 with 150, George Joyce even with 157, Bill Witzel 2 down with 162, Mark Keller, Jr., even with 159, Darrel Reis 4 down with 167 and Floyd Smith plus 2 with 156.

Paces DeKalbers
Milo Oakland paced the DeKalb team with a score of 9 up. Other scores on the leading team are: Forest Andrews 6 up, Ric Lahti 5 up, Ken Hird 3 up, Dee Hunt one up and O. I. Stevens even. Oakland led in low medal scores with 146 while Detweiler of Dixon and Andrews were tied with 150. Detweiler led, however, in the race for the individual title being 10 up on a bogey while Oakland was 9 up and Andrews 6 up.

H. Buck of Polo, Ken Hird of DeKalb and Ric Lahti of DeKalb were all tied with 152 in medal score.

The tournament closes today with 36 holes of golf, 18 in the morning and 18 in the afternoon.

Evansville Captures Six of 15 Places on All-Star Team

Des Moines, Ia., July 10—(AP)—Evansville players captured six of the 15 positions on the Three-Eye league all-star baseball team which will meet the Cedar Rapids Raiders Monday night at Cedar Rapids, league President Tom Fairweather announced today.

Decatur was next with three players in the select group while Springfield and Waterloo landed two each and Clinton and Moline one apiece.

The all-stars were selected by vote of club managers and sports writers.

The Raiders won the right to play the All-Stars by leading the league after the July 4 games.

The All-Star team:

First base—Norman Jaeger (Clinton).

Second base—Dib Williams (Decatur).

Third base—Joseph Gullede (Evansville).

Shortstop—Floyd Baker (Springfield).

Right field—George Metkovich (Evansville).

Center field—Harry Schmiel (Decatur).

Left field—Chester Clemens (Evansville).

Utility infielder—Steve Niedzieja (Waterloo).

Utility outfielder—Robert Hargrave (Moline).

Catchers—Sigmund Brosdie (Evansville); Neil Andrews (Waterloo).

Pitchers—Warren Spahn (Evansville); Homer Gibson (Springfield); Willard Donovan (Evansville); John Clay (Decatur).

Manager: Bob Coleman (Evansville); coaches: Art Schrein (Springfield) and Ivy Griffin (Madison).

MRS. COMINSKEY BACKS JIMMY DYKES IN SQUABBLE

Chicago, July 10—(AP)—Mrs. Grace R. Comiskey, owner-president of the Chicago White Sox, said today that Manager Jimmy Dykes, indefinitely suspended and publicly "spanked" by American League President Will Harridge, will be "backed to the limit by our office" in the squabble which grew out of his run-in last Saturday with Umpire Steve Basil.

"Jimmy is a snappy manager," said Mrs. Comiskey. "That's the kind we want. Why, if John McGraw were around today and in the American League he'd be out of the game every day if they're going to handle things in this way."

Sales and license taxes on alcoholic beverages in 1940 yielded the states \$280,000,000, or 6 percent of their total tax revenues.

Property taxes which yielded 45 percent of all state revenues in 1919 accounted for 6 percent of the 1940 gross collections.

ALL-STAR TILT GOES ON SHELF; RESUME GAMES

By SID FEDER

Associated Press Sports Writer
This is the day when even the second guessers have to put the All-Star game back in the cracker barrel to save something for next winter.

They'll have to forget the argument over whether Claude Passeau or Deacon Will McKechnie was the official goat, or whether Cecil Travis shouldn't cut a little piece of the hero's pie for throwing a body block at Billy Herman and spoiling the game-winning double play try in the ninth inning at Detroit.

Because the big leagues pick up the pennant chases again today and tonight, and from here on, it's "every man for himself," as they say in Brooklyn. They're also saying in Flatbush that there's nothing can stop the Dodgers now in the National League.

"Subway Series"
And, if that's the case—with the daffiness boys leading the Cardinals by three full games—it begins to look like the chances for the first "subway series" in four years are as bright as the nickel you'll need to get from Yankee Stadium to Ebbets Field.

For, as the American league's eastern clubs begin their third swing through the west, the New York Yankees are the hottest thing to come down the pike since the Yankees were burning up the place a couple of years ago. Riding a nine-game winning streak and 3½ games out in front of the pack, the Bombers from the Bronx wheel out their stuff in St. Louis tonight. They're top-heavy favorites to win this one—which would make it 16 victories in their last 18 outings—so the chief interest centers around whether Joe DiMaggio gets a hit to run his all-time record streak to 49 straight games.

At the same time, Cleveland's second-place Indians pick a soft touch in the Athletics to open their home stand, while Boston's Red Sox bring a four-game winning run into Detroit and Washington invades Chicago.

Also on Night Card
In addition to the St. Louis, Cleveland and Chicago shindigs in the American league, the night card also finds the Cardinals invading the Polo Grounds to meet the Giants and the Phillies entertaining the Pittsburgh Pirates in Philadelphia.

Most important get-together in the senior circuit, however, has the Cincinnati Reds tangling with the Dodgers in Brooklyn under the sun. Elmer Riddle, the undefeated Red Rookie, is elected to be the Giant killer in this one. The Cards aren't going to have any turkey dinners served them at the Polo Grounds, either. In addition to showing something less than nothing in dropping their last five in a row, Billy Southworth's boys are running into a Giant club which has a good hold on third place and wouldn't mind climbing a notch.

Besides the Brooklyn game, the only other afternoon business has the Chicago Cubs marching into Boston with flags flying, maybe a band or two playing, and probably a left hander pitching.

"Bergers" Settle Down
The "Bergers" settled down after those two bad innings and held Ashton to but one more run which they garnered in the sixth on a walk and another hit by Leuzinger.

Malta scored the first run in the fifth when D. Berg lined a triple to right center, Male was out from pitcher to first, Ritzman lined a two base hit past second, scoring D. Berg. L. Berg was out on a foul fly to catcher and C. Berg grounded out to second to first, leaving Ritzman stranded on third.

Malta came back fighting hard in the sixth when O. Berg lined out another sizzling Texas leaguer followed by another two-bagger by G. Berg scoring the other "Bergers" from second. R. O'Donnell was out from second to first, P. Almburg whiffed and so did D. Berg to end the short uprising.

In the seventh with two out, a man on first via the gratis route, C. Berg took a mighty swat at the apple which settled in the tall grass miles out in right field. This netted him at least "four bases," scoring L. Berg ahead of him. This stanza gave the visitors two more runs and ended their scoring chores for the day.

Played at East Oregon
The game was played on the East Oregon ball field, which Ashton is using this season as a home ball park.

A large and enthusiastic crowd enjoyed the fine game and were well repaid for their trip to the park and their donations to the "kitty."

Junior Hinz has been working overtime whipping his aggregation into condition and from the results, it looks like his hard work is bearing fruit. The boys have won five of the last six games played.

The winning of this game from Malta dropped the Berg boys from a tie for first place to undisputed second place honors. Lee's team won from Leaf River to maintain the hold on first place having won all league games this season.

Fulkerson was the hero for Ashton with two doubles and two singles out of five trips to the plate. He also scored two of the eight runs.

Leuzinger ran a close second with a double and two singles out of five times at bat and scoring one run.

Ashton had a tough time during the early part of the season,

Ashton Topples Malta from First Place in Tri-County Hardball Loop

The dope bucket was upset and spilled all over the place last Sunday when the rejuvenated Ashton boys slapped an 8 to 4 defeat on the hitherto undefeated Malta boys.

Junior Hinz and his "37 varieties" jumped off to a two-run lead in the first frame when Fulkerson, the first man up, lined a Texas leaguer to left center for two bases. An error by Pitzmann put Fulkerson on third from where he scored easily on Leuzinger's double which also scored Smice who was safe on Ritzmann's error.

Six more hits in the second stanza netted Ashton three more runs which put the game on ice for the winners.

YOUNGEST PLAYER IN JUNIOR WOMEN'S GOLF HAS CHANCE FOR DOUBLE REVENGE TODAY

St. Charles, Ill., July 10—(AP)—Betty Jane Haemerle, 15 years old and the baby of the Women's Western Junior Golf tournament, has a chance today to gain a double portion of revenge over Dorothy Campbell.

Miss Campbell recently defeated Miss Haemerle for the St. Louis city junior title. The two St. Louis girls met again today in the semifinals of the Western Junior title battle while Jeanne Cline of Bloomington, Ill., played Betty Brown of Texarkana, Ark.

Phyllis Otto of Omaha, Neb., only 16 years old but holder of the Iowa State Women's title, fell before Miss Cline yesterday, 1-up in 20 holes.

Miss Haemerle reached the semifinals with a 20-hole victory over Arleen Tweet of Green Bay, Wis., and Miss Campbell survived with a 2 and 1 decision over Jane Whitmore of Little Rock, Ark.

Miss Brown earned the right to meet Miss Cline by eliminating Marjorie Lindsay of Decatur, Ill., 3 and 2, most decisive margin of the quarter-finals.

The title contest is scheduled tomorrow.

Sports Roundup

New York, July 10—(The Special News Service)—Branch Rickey, who'll positively quit the Cardinals when his contract is up, is trying to decide whether to remain in baseball or go with a big insurance company (at more than the \$50,000 per the Cards pay him) . . . When Blimp Phelps refused to go west with the Dodgers the front office not only suspended and fined him, but put a dick on his trail to discover how much time the ailing Babe spent in bed. (Sherlock reported Phelps was a regular in the hotel lobby) . . . Umpire Bill Summers says he never saw Bob Feller have so much stuff as in the All-Star game . . . Some of the boys are wondering why Mike Jacobs doesn't put on Billy Conn and his pop-in-law in Madison Square Garden.

Berlin Doesn't Expect
British to Evacuate
Troops From Iceland

Berlin, July 10.—(AP)—The
United States' occupation of Ice-
land was viewed in authorized Ber-
lin quarters today as evidence of
far reaching British-American
military cooperation in a war zone.
The impression here was said to
be that the British do not intend
to withdraw their forces from Ice-
land and that American and Brit-
ish soldiers there will stand to-
gether against Germany.

Summer Purchases of
Coal Supplies Urged

Washington, July 10.—(AP)—
Luther Harr, bituminous coal
consumers' counsel, said today
that, as a move against what he
termed coal profiteering because
of local scarcities, his office would
seek to have minimum retail prices
fixed for the fuel.

Meanwhile, Harr said that the
government had appealed to all
governors and the U. S. Confer-
ence of Mayors to cooperate in
promoting summer buying of coal
to head off a possible "serious
shortage".
